Qualifying equipment must match the software and hardware vendors listed above. Qualifying vehicles must match the EV manufacturers listed above to qualify for the Enrollment Incentive. Neither Eversource nor United Illuminating offer preferences or recommendations for any of the approved equipment models or EV models. Program participants are responsible for determining the suitability of these products and services.

If your vehicle is not currently on the list below, you may not be able to participate yet in the Pilot. Eversource and United Illuminating are working with ev.energy, the Pilot administrator, to add more vehicles to the list below and to open new pathways of participation throughout 2025. Please check this document in the future to determine if your vehicle has been added to the list or if a new pathway has opened to enable your participation in the Pilot.
