- Gently insert the earbud into the ear canal, adjust the earbud to the most comfortable wearing state.

- When calling, adjust Mic towards mouth to gain better talking experience

## How to Charge

- For first time use, please remove the isolation film on the charging contacts of both earbuds.
- Then fully charge the charging case and earbuds.
- Plug charging cable to charge the earbuds and the charging case at the same time.
- When the charging case is not fully charged, the LED flashes red quickly.
- After fully charged, the LED lights up white for a long time.

### Warm tips

the earbuds can't be charged when the charging case has no power and no LED Light. Power-on Take the earbuds out from the charging case, they will automatically power on. Power-off

1. Put the earbuds back into the charging case. if the charging case has power, the eared will automatically power off. If the charging case has no power, the earbud will maintain the current state.
2. The earbuds power off outside the charging case: they will automatically power off if not connected to the device within 3 minutes.

### How to Pair Automatic connection

Take the earbuds out, they will complete TWS re-connection within 5s and enter the pairing state; or they will enter monaural pairing state after 5s. Open device Bluetooth and search for "X1S", then click it to connect. Put the earbuds back into the charging case and repeat the above operation if the connection fails. After the first connection, the earbuds can be automatically connected to the last paired device when powering on (Bluetooth needs to be turned on).

- When pairing, the green light of the charging case continuously flashes.

### Functions

## Restore Factory Settings

1. Make sure the charging case has power, put the earbuds into the charging case, and press the button under the box for 6s. The earbuds will restore factory settings when there is a prompt tone.
2. After resetting, put the earbuds into the charging case and close the lid, then open the lid and take them out again:
3. Clear phone pairing record and follow the pairing steps to complete Bluetooth connection.

## Audio only Outputs from Single

Earbud It's unusual indeed, please refer to the following operation steps if the situation occurs:

1. Put the earbuds back into the charging case, and then take them out again to connect
