Some Tips for reference:

*****Warmly Tips*****

1. Two USB Ports on Auto Backup Adapter: **Red color USB smart phone port only** for smartphone;
Black USB memory port only for connecting your USB flash drive;
2. For the latest iPad Air and iPad Pro, they need a high-powered USB A charger and USB A to USB C charging cable to work.
3. Supports up to 512GB capacity for MicroSD card and USB flash drive (excluded).
4. It could not back up the data from computer and just a Micro SD card reader to Transfer data to and from PC/MAC.
5. iCloud photos and videos will be saved to iPhone/iPad firstly with Wi-Fi on, then backed up to this iPhone Auto Backup Adapter, so please make sure there is enough space in iPhone/iPad to transit iCloud photos or videos.

If you have more operation question, please do not hesitate to [contact us](#).

We will help you to solve it.

Thanks and best regards!
