

9 Comfortable TO Wear

True wireless bluetooth headset

Wireless Design He3aBNCNMaR 6ecnpoBoAHaR KOHCtpykunR

F1Bluetooth Headset

Product model:F1

Basic specifications of earphone

Communication distance: 10M (barrier-free

Battery capacity: 50 mAH (single earphone)

Charging time: about 1.5h Time of call: about 4 h

Standby time: about 80h

Input specification: 5V=100mA

Split wireless design

Battery type: lithium ion polymer battery

Wireless connection: Bluetooth 5.0

Bluetooth protocol: HFP/A2DP/HSP/AVRCP

Basic specifications of charging box

Input specification: 5V=500mA

Output specification: 5V=150mA

Charging time: about 2h Battery capacity: 2600mAH

Battery type: lithium ion polymer battery

Package includes: bluetooth headset, charging case instruction manual, warranty card, USB cable, ear cover 3 pairs

Instructions and precautions: see instruction manual

Listening music/taik time:about 10 hoyrs

standby time:about 200 hours
