6000mAh (typ)

33W fast charging³

USB Type-C

Experience

Side fingerprint sensor

AI face unlock

Supports FM radio (with headphone jack)

IP64⁴

Wi-Fi: 2.4GHz | 5GHz

Xiaomi HyperOS 2

1. Refresh rate can be adjusted to up to 120Hz for supported apps.

2. 16GB RAM with Memory extension is based on 8GB RAM version. Additional RAM will occupy a corresponding amount of ROM storage. Memory extension is only available when there is enough storage space on your device. Actual extension of RAM storage capacity varies across different models.

3. No power adapter included in box. Recommended to use Xiaomi 33W power adapter.

4. The device with IP64 has been tested to be resistant to splash and dust in the presence of specific laboratory conditions with the classification IP64 ingress protection based on IEC 60529:1989+A1:1999+A2:2013.

All data tested by Xiaomi Internal Labs, actual results may vary.

Configurations available may differ between different regions. Available storage and RAM are less than the total memory due to storage of the operating system and software pre-installed on the device.

Availability of Xiaomi HyperOS 2 features, apps and services may vary depending on software version and phone model.
