PRINTED IN SINGAPORE

Capable of cleaning dust or waste of all sizes

Two Main brushes located on the bottom of the machine enable cleaning of small dust particles as well as large debris such as 500ml-size PET bottles.

Dust collection function

Reduces flying-up dust captured by the brushes.

Two Main brushes (Electric)

- Two Main brushes are located on the bottom of the machine.
- Height adjustable
- Toolless replacement

Side brush (Electric)

- Side brush on the right side of the machine allows user to clean up the edge of the walls.
- Toolless replacement
- Interlocked with rotation of Main brush
- Height of Side brush can be adjusted.

Excellent transportability and maneuverability

- By reducing the weight of the machine, the transportation burden is reduced.
- The cleaning width is limited to the width of a typical door (800mm or less) for easy maneuverability in the field.

Net weight

29.9 - 33.1 kg

(BL4025F x1) (BL4080F x2)

Powerful cleaning with three motors

BL^{*}
MOTOR

- For filter cleaning
- For dust collection
- For Main brushes and Side brush

*Only motors for dust collection and Main/Side brushes are BL motors.

Excellent operating section

Control switches and indicators are located on the control panel of the handle.

Switchable brush rotation speed (Main brush / Side brush)

Rotation speed of Main brush / Side brush can be switched (standard/quiet) according to the work environment.

Standard mode: For sweeping a large amount of dust and waste

Quiet mode: For cleaning places where quietness is expected such as indoor areas, or a small amount of dust and waste

Filter cleaning mechanism (Electric)

The filter vibrates to remove dust adhering to the filter, reducing clogging.

HEPA filter

Excellent storage capability

Handle can be folded to stand the machine upright for compact storage.

XPT
eXtreme Protection Technology
IPX4-rated water-resistance

LED job light

Illuminates the front of the machine, allowing user to check for dust or obstacles even in dark places such as warehouses.

Multi adapter (Optional accessory)
Portable power pack MAKPAC

40Vmax XGT battery (two in parallel or one)

Carry handle
Equipped with a carry handle for easy carrying
