- **Frost Free**
- **Freezer Guard**
- **LED Lighting**

- Frost Free-There is no need to manually defrost the freezer. This great feature prevents ice building up and restricting valuable storage space.
- Freezer Guard-Ideal for locating your appliance anywhere in the home, this technology ensures that food stays frozen, even when the outside temperature drops as low as -15°C.
- LED Lighting-Brighter and more energy efficient than a standard bulb.
- Adjustable Glass Shelves-Flexibility to change shelf height, useful when storing tall items.
- Large Salad Crisper-Large storage space for all your favourite fruit and vegetables.
- Clear Freezer Fronts-Enabling you to easily identify food stored in the freezer.
