

PSA18S

1 x 18-INCH POWERED SUBWOOFER

Overview

The Paraline compact line array series is a premium range of speakers with integrated power amplifiers. Easy to transport and set up, the enclosures can be used in ground stack or flown configurations. All next-generation Paraline models offer essential features and high output, and are IP54 rated for outdoor use.

The new PSA18S subwoofer offers 3000 watts of peak power, an 18" neodymium woofer, and integrated rigging hardware. It is designed to perfectly complement the PSA28 full-range enclosure, but can be used with any top boxes for powerful bass reinforcement.

It features onboard limiting, powerCON® connectors for power input and pass-through, eyebolts for hanging, and a 35 mm (1 3/8") stand adapter for use as a base with the Yorkville SW-TUBEHD mounting pole.

Features

- 3000 W Peak Power (1500 W Program)
- 18" Neodymium Driver with 4" Voice Coil
- XLR Input and Output
- Locking powerCON® Connectors
- 4x 4" Wheels
- IP54 Rated for Outdoor Use
- Made in Canada

Specifications

Power Rating	3000 W Peak (1500 W Program)
Max SPL	137 dB Peak (131 dB Continuous)
Frequency Response (+/- 3 dB)	35 Hz - 100 Hz
LF Drivers	1x 18" Neodymium with 4" Voice Coil
Input	1x XLR
Output	1x XLR
Controls	Level
LED Indicators	Power, Limit, Clip
Bar Handles	2
Pole Mount Adapter	35 mm (1 3/8")
Power Consumption (Typical / Max)	120V 4.5A / 6.4A
AC Protection	10A Resettable Thermal Breaker
Power Connections (In / Out)	powerCON® Locking
Enclosure	11-Ply Baltic Birch with Black Ultrathane Paint
Grille	Perforated Steel
IP Rating	IP54 Rated for Outdoor Use
Dimensions (DWH)	37" x 24.4" x 20.7" 94 cm x 62 cm x 52 cm
Weight	150 lbs / 68 kg
