

Iplace Smart Plug

Sonoff Touch - Luxury Glass Panel Touch LED Light Switch

PRODUCT DESCRIPTION

Home automation is "The Internet of Things". It simply means the way all devices or appliances are networked together to provide customers with a seamless control over their home equipment. Sonoff S20 is a smart plug with EU/US/UK/CN/AU standard. Users can instantly convert any plug into a smart outlet with a convenient timer function that works on user's smartphone. You can turn on/off any connected device either on the APP eWeLink or by pressing the manual control knob of the WiFi plug. You can set countdown/single/repeat timers to auto-turn on/off the WiFi controlled outlet on App. You can share the WiFi plug with your family so that you can control together. This makes it perfect to control lighting and other home appliances.

Remote ON/OFF

- Turn electrical devices on/off from anywhere

App Support

- Free iOS and Android mobile App eWeLink

LAN Control

- Turn on/off the device even when WiFi has no Internet access

Sync Status
