Mi 10

Lights. Camera. Action.

Leading video in the 5G era

Qualcomm® Snapdragon™ 865

Leading 5G connectivity and performance

Super Powerful VC Liquid Cooling System

4780mAh (typ) high-capacity battery

108MP quad camera with 8K video

1/1.33" super sensor and OIS

90Hz 6.67" DotDisplay with TrueColor

Dual speaker system for cinematic audio

Redefining the limits of smartphone performance

New generation of Qualcomm® Snapdragon™ 865

The Mi 10 series sets the benchmark for next-generation performance. Experience extreme power and efficiency with the latest LPDDR5 RAM and UFS 3.0 ROM technology, powered by the Qualcomm® Snapdragon™ 865 platform. Whether at work or play, expect to have your expectations surpassed.

Qualcomm® Snapdragon™ 865

Flagship CPU of the Year, highly improvement in CPU, GPU and AI performance. Build the fastest and strongest 5G platform.

+25%

Improved performance compared to previous generation

-25%

Energy consumption compared to previous generation

5th generation AI Engine

AI processing power is 100%* higher than the previous generation.

AnTuTu score 580,000+.

33% higher than the previous generation.

Redefining the limits of networking technology

Entering the 5G era

Super-fast download speeds are just the beginning. Say hello to smarter and more robust network standards that deliver greater security, stability, and reliability.

Experience the Internet of the future with support for 5G and Wi-Fi 6, bolstered by Xiaomi's advanced 5G MultiLink technology.

Wi-Fi 6

Supporting the new 5G Wi-Fi standard: Wi-Fi 6. Maximum throughput reaches 9.6Gb/s, an improvement of 270% over the previous generation. Supports OFDMA and 8x8 MU-MIMO technology, which allows multiple devices to connect simultaneously to maintain high and stable download speeds.

MultiLink

2.4GHz WiFi + 5GHz WiFi + 4G/5G
Simultaneous connections to up to 3 networks, to ensure stable and uninterrupted connectivity.

Redefining the limits of photography

Continuously evolved in quality, speed and experience.

Being the pioneer of 108MP smartphone cameras, Xiaomi is now once again pushing smartphone photography to a whole new level. Backed by the Qualcomm Spectra™ 480 ISP, machine learning-based AI optimizations, and HEIF lossless compression technology, we draw out the power of 108 megapixels to the fullest.

108MP Camera Pro

Software and hardware work together to achieve breakthroughs in speed, display quality and user experience. A more powerful and responsive camera system lets you capture more vivid 108MP photos faster, and store it using 50% less space.

7P lens

Markedly enhance the light-gathering ability, fully unlocking the potential of the 108MP camera.

AI 2.0

Comprehensive pixel-level optimization, contributing to more vivid pictures

2 billion pixels per second

Qualcomm Spectra™ 480 ISP allows you to take pictures fast.

40%

HEIF compression technology to conserve storage space

108MP Quad Camera

2MP depth sensor

Assists primary sensor during portrait mode,
1.75µm large pixel size, f/2.4 aperture

108MP ultra-clear primary sensor

1/1.33" large sensor size, OIS, 1.6µm 4-In-1 Super Pixels,
f/1.7 aperture, 7P lens

2MP macro lens

1.75µm large pixel size, f/2.4 aperture

13MP ultra wide-angle lens

Up to 123° FoV, f/2.4 aperture

Redefining the limits of videography

8K Ultra HD Video Camera

The 108MP camera brings its prowess to revolutionize smartphone videography by providing 8K video recording. With the powerful Pro mode and stereo sound, you are only a few taps away from creating professional videos.

Pro mode

Experience new heights in smartphone videography with 8K video combined with Pro mode. Functions like AE/AF Lock and Focus Peaking, provides you with more room for your creativity. Shoot like a professional!

AE/AF Lock

Set focus and exposure separately

ShootSteady video

Enjoy shudder-free videos

Focus Peaking

Manual focus to further unleash your videographic creativity

AI-empowered camera movement and video editing

Professional-grade vlogging features

Movie frame

Want to add more highlights to your masterpieces? With features including 8 built-in classic movie filters, real-time background blurring, and color focus filters, your videos will be transformed into cinematic experiences.

2.35 : 1

The aspect ratio used in professional movie-making

Portrait mode background blurring

Cinematic-quality videos

Color focus

Videos as expressive as movies

8 classic movie filters

Tell your stories through movie-like videos

Redefining the limits of audio experience

Balanced stereo sound

To craft the best smartphone audio speakers, the Mi 10 series delivers two breakthroughs: a truly balanced stereo design, and a 7-magnet speaker design. This doubles the volume and greatly increases the dynamic range.

This industry-leading hardware is combined with fine-tuned exclusive stereo sound effects for different scenarios, bringing you a more immersive audio experience.

Dual 1216 super-linear speaker

1.0cc-equivalent speaker chamber.
Large volume, wide range.

15 volume levels

Crank up the volume without having to worry about sound distortion.
Turn it all the way down and still experience rich and deep sound.

Fine-tuned sound for all scenarios

Customized stereo sound effects, immersive audio experience.

Redefining the smartphone display experience

90Hz Display 6.67" AMOLED 3D curved display

Meet Xiaomi's best display so far! It has a high refresh rate of 90Hz and a sampling rate of 180Hz. Whether you are reading or playing games, the screen is smoother and has better sensitivity than ever. At the same time, it also has the best color accuracy among Xiaomi's current displays.

6.67 inches

19.5:9 ratio

HDR 10+

Support HDR display

5000000:1

High contrast rate

180Hz

Better sensitivity

P3

Wide color gamut

1200nit

Peak brightness

TrueColor

$\Delta E < 1.1$

Industry-leading color management technology further enhances color accuracy. Colors are more accurate in photos and videos, which, as a result, become more immersive. At the same time, the light will be more gentle to your eyes.

4780mAh(typ) large battery + 30W wired fast charging

100% charge in only in 57 minutes.
Amazingly fast.

30W

wired fast charging

30W

wireless fast charging
