[FAQs & more](#)

JLab is excited and proud to have produced the first high-quality, stylish, safe headphones just for kids! Please read the following safety info carefully to ensure safe use.

**This product should always be used under adult supervision.** It does contain a cable with a small jack that could pose a choking hazard without adult supervision. Please be mindful while your child enjoys using the JBuddies.

## TO INSTALL YOUR FAVORITE GRAPHIC DISK

- 1 Peel off protective paper backing to expose adhesive (fig. A).

- 2 With the adhesive side facing the headphones, firmly press the disk into the open area on the side of the earpiece (fig. B).  
Repeat steps for the other side.

## CAUTIONS

- Avoid getting moisture or liquids on the headphone cups.
- Avoid extreme heat, cold, and humidity.
- Avoid dropping or crushing headphones, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.
- Wax may build up in headphone cups, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.
- If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.
- If you experience regular discomfort while using this product, discontinue use and consult your physician.
- We recommend you treat your headphones as you would a nice pair of sunglasses and keep them in safe location when not in use.
