#1. Introduction

Congratulations on your purchase of our outdoor furniture! This manual will guide you through the proper use and care of your furniture to ensure it retains its beauty and functionality. Whether you have a dining set, lounge chairs, or a bench, following these guidelines will help you maintain their pristine appearance and extend their lifespan.

#2. Unpacking and Assembly

##2.1 Unpacking Instructions

- Careful Removal: When unpacking your furniture, carefully remove all components from the packaging. Avoid using sharp objects that could scratch or damage the materials.
- Inspect for Damage: Check all parts for any signs of damage, such as scratches,

dents, or cracks. If you notice any issues, contact our customer service immediately.

##2.2 Assembly Instructions (if applicable)

- Step 1: If your furniture comes with a stand, base, or additional components, assemble it according to the instructions provided. Ensure all screws, bolts, and fasteners are securely tightened.
- Step 2: Attach any additional parts, such as cushions, covers, or adjustable features, if included.
- Step 3: Place the furniture in the desired location, ensuring it is stable and secure.

##2.3 Placement Tips

- Stability: Place your furniture on a flat, even surface. If using a stand or base, make sure it is stable and won't tip over.
- Safety: Avoid placing furniture in high-wind areas where it might be blown over or damaged.
- Lighting: Position your furniture in a shaded area to protect it from direct sunlight and prolong its lifespan.

#3. Using Your Outdoor Furniture

##3.1 General Usage Guidelines

- Weight Capacity: Adhere to the recommended weight capacity for each piece of furniture to prevent damage or accidents.
- Proper Use: Use your furniture for its intended purpose. For example, do not stand on chairs or benches, and avoid using tables as stepping stools.

##3.2 Adjusting and Securing Your Furniture

- Adjusting Features: If your furniture has adjustable features, such as reclining mechanisms or tilt functions, use them according to the instructions provided.
- Securing in Windy Conditions: In windy conditions, secure your furniture to prevent it from tipping over or being damaged. Use provided ties, weights, or anchors to stabilize it.

#4. Maintenance and Care

##4.1 Regular Cleaning

- Frequency: Clean your furniture at least once a month to remove dust, dirt, and debris.
- Cleaning Solution: Use a mixture of mild soap and water to clean the surfaces.

Avoid using harsh chemicals or abrasive cleaners that could damage the materials.

- For wood furniture: Use a soft brush or cloth to clean. For stubborn stains, use a mixture of vinegar and water.

- For metal furniture: Use a soft cloth and mild soap. Rinse thoroughly and dry with a clean cloth.

- For fabric cushions: Remove covers if possible and wash according to the care instructions. Spot clean with a mild detergent if necessary.

- Drying: After cleaning, use a dry, lint-free cloth to dry the furniture and prevent streaks.

##4.2 Preventing Damage

- Avoid Harsh Weather: Do not leave your furniture exposed to strong winds, heavy rain, or snow for prolonged periods. Consider using furniture covers or storing it indoors during extreme weather.

- Protect from Sunlight: Avoid placing furniture in direct sunlight for extended periods to prevent fading or damage to the materials.

- Temperature: Avoid exposing furniture to extreme temperature changes, as this can cause materials to expand or contract and potentially crack.

##4.3 Handling and Storage

- Lifting: When moving furniture, lift it from the bottom and avoid holding it by the edges or delicate parts.

- Transporting: If you need to transport furniture, disassemble it if possible and wrap the components in a soft blanket or bubble wrap. Store furniture in a cool, dry place.

#5. Troubleshooting

##5.1 Common Issues and Solutions

- Furniture Won't Stay Upright: Check the stand, base, or legs for stability. Tighten any loose screws or bolts. If the issue persists, contact customer service.

- Adjustable Features Not Working: Ensure all mechanisms are properly engaged and not obstructed. If the issue persists, contact customer service.

- Loose or Wobbly Furniture: Check all fasteners and tighten any loose screws or bolts. If the issue persists, contact customer service.

#6. Warranty and Support

Please refer to the warranty information provided with your purchase for details on coverage and claims.
