操作指南
INSTRUCTIONS

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception,

which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different
from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Ⅰ、Basic parameters   **English**

Product model: MK68

Battery parameters: 3.7V 2000mAh(Fast charging not supported! Please connect your computer for charging)
Input: 5V⎓200mA
Connection modes: wired connection, Bluetooth connection (5.0), 2.4G connection
Wireless version: 2.4G, BLE 5.0
Wireless connection distance: 10 meters (in unobstructed open environments)
Charging port: Type-C (USB-C)
Supported systems: Windows, MacOS, iOS, Android
Product size: 28mm * 308mm * 102mm
Manual measurement of relevant parameters,
In case of any discrepancies, the actual product shall prevail

Quality assurance card

Thank you for purchasing the products of our EWEADN. Thank you very much! To ensure that you can use this product with peace of mind and better To protect your rights, our company strictly implements the joint information product. department of the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China And the "Repair, Replacement, and Return of Microcomputer Products" jointly issued by the State Administration for Industry and Commerce On the basis of the Goods Liability Regulations, we implement after-sales service and hereby make the following commitments:

1、 Service validity period:
Effective from the date of purchase, the date recorded in this certificate shall prevail.

2、 Service content:
From the date of purchase, any product malfunction caused by poor electrical performance will be free of charge within one year
Perform maintenance. (The specific maintenance matters shall be handled by the provincial representative or the former product headquarters in the region)

3、 Not within the scope of services:
1. Those who have exceeded the effective service or free repair period.
2. Failure to use, maintain, or store according to the correct instructions, resulting in malfunction or damage.
3. Malfunctions or damages caused by unauthorized repair agencies for products that are not.
4. Products without dealer registration information and seal on the three guarantee certificate.
5. Unauthorized alteration of the content of the three guarantees certificate.
6. Consumers can remove the QC PASS sticker at the bottom of the product themselves.
7. Defective products caused by force majeure (such as earthquakes, fires, floods).
8. Product defects caused by human factors (such as operational errors, handling damage, bumps, input discrepancies) Suitable voltage, etc.
9. Other malfunctions or damages caused by non product design, technology, manufacturing, quality, and other issues.
