Multi-mode Wireless Optical Combo Set

8810ME

This wireless combo, comprising a keyboard and optical mouse, transmits using Rapoo's multi-mode wireless connection – via reliable 2.4 GHz wireless transmission or Bluetooth 5.0 – enabling you to connect simultaneously to multiple devices and switch (pair automatically) among them. In addition to its sleek comfortable design, the

keyboard features multimedia keys for quick access and convenience. The mouse in this set boasts a fully adjustable 1600 DPI sensor for a complete flexibility and accurate control, while its ergonomic shape makes it ideal for use both in the office and at home.

► Multi-mode wireless connection

Interference-free wireless options: The smart switch between Bluetooth 5.0 and 2.4 GHz ensures stable wireless transmission with up to 10 meters range and 360° coverage. You can still use your keyboard regardless of USB port shortage or the loss of receiver.

► Instant switch among multiple connected devices in one click (Automatic pairing)

Connect to all your devices: 8810ME automatically pairs the working device. It simultaneously connects to up to 3 devices (two via Bluetooth and one via 2.4GHz), and easily switches among them in a click of a button. It simplifies activities across devices and meets multi-tasking requirements.

► Adjustable 1600 DPI HD sensor

As sensitive as you want: The mouse's optical HD sensor resolution can be toggled between 800 DPI (for maximum precision) and 1600 DPI (for maximum speed) at the press of a button.

► Up to 9 months battery life

Low energy consumption: Rapoo's energy-saving technologies, combined with the on/off switch, means you can use this mouse continuously for up to 9 months.

Specifications

Multi-mode wireless connection:
2.4 GHz, Bluetooth 5.0
