Samsung's space saving Side-by-Side refrigerator is a great looking addition to any kitchen. A patented Twin Cooling system developed by Samsung helps keep both refrigerator and freezer compartments at their ideal temperatures. Air circulation between the two compartments is eliminated, which prevents the mixing of odors. All Samsung Side-by-Side models come with a digital display and control panel which lets you check and adjust temperature of the refrigerator and freezer without opening the door.

Refrigerator

RS265LABP

26.1 Cu. Ft. Side-by-Side Refrigerator

FEATURES

Patented Twin Cooling System

Refrigerator and freezer are controlled independently with two separate evaporators. This helps keep both compartments at their ideal temperatures.

Exterior Digital Temperature with LED Display and Control allows you to check and adjust the temperature of refrigerator and freezer without even opening it. The one-touch operation makes it simple. The interior temperature sensors make it more accurate.

Power Cool/Power Freeze speeds up the cooling and freezing process to get the compartments back to their desired temperatures.

Multiple Air Flow Vents allow cool air to enter every shelf and drawer in the refrigerator and freezer. This provides even cooling throughout both compartments and maintains an ideal temperature to keep your food fresh longer.

Ice and Water Dispenser provides filtered water as well as crushed and cubed ice. Tall serving area also allows filling of large glasses and pitchers.

Temperature Sensor works along with the external digital display to make sure that everything is being cooled properly.

Twin Deodorizer helps the air circulation within the refrigerator, helping to remove odors.

Compact Ice Maker and Storage on Soft Freezing provides extra space to store frozen food. Also an Xtra Storage Space™ to quick cool.

Door Alarm alerts you if the freezer or refrigerator door is accidentally left open.

Energy Star Compliant¹

Patented Twin Cooling System

REFRIGERATOR

Shelves: 4 Glass

Slide-out Shelves: 3

Spill Proof Shelves: 3

Door Bins: 5
