

Use and Care Manual

Clean regularly with mild soap and water; rinse thoroughly and air dry.

To prevent rust, periodically check for chips in the powder coating and touch up if needed.

Store chairs indoors or under a protective cover during harsh weather or extended non-use.

Avoid using abrasive cleaners or tools that may scratch the finish.

Do not exceed the recommended weight limit of 250 lbs per chair.

Keep the set away from constant exposure to sprinklers or pools to prolong its lifespan.
