

The Honda CR-V

HONDA
The Power of Dreams

Model shown is CR-V 2.0 i-VTEC SE Executive with optional fog lights

For those with a family, there's no law that makes an estate car compulsory. The new Honda CR-V combines the performance, comfort, and efficiency of a passenger car with off-roader looks, toughness, sheer presence on the road and a natural spirit of adventure. But perhaps best of all, NCAP have just given it the highest ever rating for passenger and pedestrian safety combined.
