Ethernet backhaul	Solid White

BEFORE SETUP WE SUGGEST...

01 Placing your RP-AX56

- 1 Plug your RP-AX56 into a power outlet near your router/AP.
- 2 Check the LEDs and see the **LED explanations**.
- 3 Wait for the LED to flash and turn solid blue, indicating that your RP-AX56 is ready to connect to your existing router/AP.

SETUP METHODS Set up RP-AX56 as a repeater

If you would like to connect RP-AX56 to other WiFi networks excluding AiMesh-supported routers, please follow any one of the following two methods to download the ASUS Extender App.

METHOD 1 Download the ASUS Extender App and follow the onscreen instructions to finish the setup.

METHOD 2 Connect via WPS

- 1 Press the WPS button on your router/AP.
- 2 Press the WPS button on your RP-AX56 for more than two (2) seconds until the LED starts to blink blue.
