

### PLEASE READ THIS INSTRUCTION MANUAL CAREFULLY BEFORE USE.

The materials, specifications, parts and packaging mentioned in this manual are for reference purposes only. We are not responsible for any changes made to this printed material, nor are we able to inform customers of any updates or changes. Please refer to our website: R3VOLT.COM for the latest

#### **Important Safety Information**

Thank you for purchasing a REVOLT product. To ensure the proper operation of your vehicle, please read the following information carefully. Before using the product for the first time, please read the instruction manual thoroughly and store it in a safe place for future reference.

#### **Safety Information:**

\*Keep small parts out of reach of children.

\*Do not store the battery in high-temperature environments (e.g., near open flames or heating devices). Children must be supervised by an adult while operating the vehicle. The vehicle should always remain within the sight of the driver (or instructor). \*Do not charge non-rechargeable batteries. When installing or replacing batteries, ensure the correct

polarity is connected. Do not mix old and new batteries or different types of batteries. \*Do not short-circuit the battery terminals. \*If you do not plan to use the vehicle for an extended period, remove the batteries from both the vehicle

and the remote control to prevent corrosion of the circuits. \*After use, ensure the vehicle and remote control are turned off, and remove the batteries from the

\*The packaging and this manual contain important information and should be stored in a safe place for future reference.

### Maintenance and Care:

\*Regularly clean the product with a clean, soft cloth.

\*Avoid exposing the product to direct sunlight or high temperatures.

\*Do not submerge the product in water, as this may damage the electrical components.

## **About this product**

### Specifications

Remote controlled vehicle Weight 260 g

		3
	Canister: 20.4×8×8 cm	Car: 13.8×6×5.2 cm
	Remote control range	15-20 meters
	Operating time	15-20 mins
	Battery Requirements	2×1.5V "AAA" batteries (not included)

Remote control Operating frequency 2.4 GHz Battery Requirements 2X1.5V "AAA" batteries (not included)

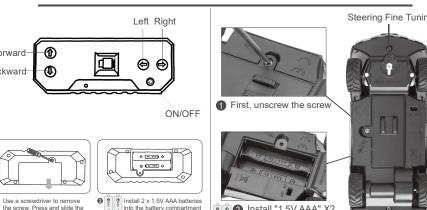

# OPERATING INSTRUCTIONS

#### Opening the canister and separating the Car from the Remote Control

and remove the lid

① Press the "O" button on the top of the lid ② Slide the remote control off the car in the direction of the arrow.

### **Pairing Instructions**

# Warning!

\*This product must be assembled and used under the direct supervision of an adult.

\*This product contains small components that present a choking hazard if swallowed; this product is not suitable for children under 5 years of age.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the users authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the

FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This□equipment generates, uses and can radiate radio frequency energy and, if not/installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on. The user is encouraged to try to correct the interference by one or more of

- the following measures: Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

"This device complies with FCC radiation exposure limits set forth for general population (uncontrolled exposure). This device must not be connected or operating in conjunction with any other antenna or transmitter."

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.
