

Basic Specifications

RF Power	Operating Temperature	Modulation Mode
10mW	+5° to +45° C	FM

Product Weight & Dimensions

ATW-R1: 200mm W x 122mm D x 42mm H, 418g without accessories

ATW-T1: 66mm W x 22mm D x 98mm H, 71g without batteries

ATW-T3: 268mm H x 52mm diameter, 227g without batteries

FCC Notice

Warning (DE3 Frequency Band Only): This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: – Reorient or relocate the receiving antenna. – Increase the separation between the equipment and receiver. – Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. – Consult the dealer or an experienced radio/TV technician for help.

EN - To reduce the environmental impact of a multi-language printed document, product information is available online at www.audio-technica.com in a selection of languages.

FR - Afin de réduire l'impact sur l'environnement de l'impression de plusieurs langues, les informations concernant les produits sont disponibles sur le site www.audio-technica.com dans une large sélection de langues.

ES - Para reducir el impacto al medioambiente, y reducir la producción de documentos en varios lenguajes, información de nuestros productos están disponibles en nuestra página del Internet: www.audio-technica.com.

PRT - Para reduzir o impacto ecológico de um documento impresso de várias línguas, a Audio-Technica providencia as informações dos seus produtos em diversas línguas na www.audio-technica.com.

IT - Per evitare l'impatto ambientale che la stampa di questo documento determinerebbe, le informazioni sui prodotti sono disponibili online in diverse lingue sul sito www.audio-technica.com.

DE - Der Umwelt zuliebe finden Sie die Produktinformationen in deutscher Sprache und weiteren Sprachen auf unserer Homepage: www.audio-technica.com.

NL - Om de gevolgen van een gedrukte meertalige handleiding op het milieu te verkleinen, is productinformatie in verschillende talen "on-line" beschikbaar op: www.audio-technica.com.

RU - Для снижения вредного воздействия на окружающую среду от печати многоязычного документа, информация о продукте доступна онлайн на www.audio-technica.com на нескольких языках.

System Setup

Press and hold the power button to turn on the receiver.

Press and hold ▲ or ▼ for 1 second. The channel display begins flashing. Press ▲ (forward) or ▼ (backward) again to select an interference-free channel. See next page for interference-free channel selections.

Once the channel is selected, wait (3 seconds) for the flashing to stop. The channel is now set.

Open body-pack transmitter battery cover and insert batteries, ensuring polarities are correctly matched (+)(-).

Unscrew handheld transmitter battery compartment and insert batteries, ensuring polarities are correctly matched (+)(-).

Adjust the transmitters to the same channel as the receiver. '1' is equal to the first frequency in Group 1. '2' is equal to the first frequency in Group 2.

Turn off the transmitter when switching frequency to avoid pops.

Press power button for 4 seconds to turn on body-pack/handheld transmitter. Hold power button for 4 seconds to turn off. Click power button to mute.

When the setup is completed, the receiver will receive RF signal and the RF indicator will light red.

Frequency

When operating multiple channels in parallel, all systems must stay within one of the groups below to avoid interference (max of four simultaneous channels per band).

DE3: 482 - 492 MHz, 495 - 512 MHz

DE3 Channel & Frequency

Group 1	
Channel	MHz
11	482.625
12	486.825
13	488.225
14	491.550

Group 2	
Channel	MHz
21	495.775
22	506.300
23	507.700
24	511.375

HH2: 824 - 831 MHz 863 - 865 MHz

HH2 Channel & Frequency

Group 1	
Channel	MHz
11	863.300
12	864.300
13	824.875
14	830.850

Group 2	
Channel	MHz
21	863.700
22	864.700
23	824.400
24	828.650
