POWER IQ TECHNOLOGY

By intelligently identifying any connected device, PowerIQ is able to deliver an optimum, high-speed charge to all devices. Includes Apple and Android phones and tablets as well as cameras, consoles and more.

MULTI PROTECT

A combination of 10 safety features that work together to provide ultimate protection for your devices, your chargers and most importantly: you.

ULTRA POWERFUL

Six ports pump out 60 watts of power, enabling simultaneous multi-device charging.

RAPID CHARGING TECHNOLOGY

Anker's patented PowerIQ and VoltageBoost combine to deliver the quickest possible charge to your device—up to 2.4 amps for each port. Charges Apple, Android, tablets, and more at maximum speed.
