GETTING STARTED

- CHARGING THE DEVICE BUTTONS AND FUNCTIONS
- POWERING ON/OFF BLUETOOTH® CONNECTION CONNECT THE APP
- . OTA FIRMWARE UPDATE
- way to indicate

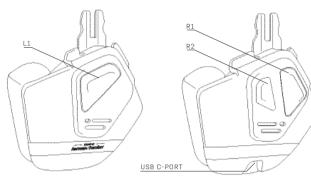

1. CHARGING THE DEVICE

Charge the device via the USB-C port on the bottom-left side of

the unit. While charging, the

LEDs light up in the following

2. BUTTONS AND FUNCTIONS All functionality of the Obex nect Headset can be controlled using the three headset huttons, as in helow.

3. POWERING ON/OFF

You are now ready to start using the device. To turn the headset on or off, hold button R2 for 3 seconds. The headset will play a welcome note.

4. BLUETOOTH CONNECTION 4. BLUETOOTH CONNECTION
For the best experience and full
functionality, we recommend
using the app. However, the Obex
Connect Headset can also be
connected via Bluetooth for
basic functionality like playing
music and making phone calls.

To enter pairing mode, hold button R2 for 5 seconds.

The LED indicator will chime and blink blue to indicate pairing mode is active.

Complete pairing on your phone

and allow contact access. After the initial pairing, the Obex Connect Headset will auto-reconnect to the last

To use all the features of the Obex Connect Headset it is necessary to install the companion app on your phone. The app is available for both Android and iOS devices. To connect the headset to your phone, first install the app then follow the instructions within the app to complete the nrocess.

6. OTA FIRMWARE UPDATE The Obex Connect Headset can receive updates and feature improvements over the air (OTA) via the related app. There is no

need for any cables or additional docks or devices in order to carry out any updates

Check the app to see if you need an update. You will see an alert on the main dashboard if your headset requires one.

To complete firmware updates simply follow the steps in the app. Ensure your headset has at least 50% battery remaining before you start the update and don't turn off the headset during the process. The app will indicate the progress status. 1. PHONE CALLS
2. CALL VOLUME CONTROLS
3. AUTO-ANSWER & SETTINGS MUSTC & AUDTO

5. MUSTO VOLUME CONTROLS 1. PHONE CALLS All standard call functionality is possible via the Obex Connect Headset.
