

Marshall

STANMORE III – HOME BLUETOOTH® SPEAKER

FULL ONLINE MANUAL

DEVICE LAYOUT

ENGLISH

DEVICE LAYOUT

ENGLISH

① 3.5 MM INPUT

Plug in an analogue audio device with a 3.5 mm stereo jack.

② SOURCE SELECTION

Push the source button to toggle between Bluetooth®, AUX, and RCA audio sources. A lit indicator shows which source is selected. This can also be selected from the Marshall Bluetooth app.

Caution: Make sure that the volume is set to low on both the speaker and the audio device before using the speaker.

③ AUDIO CONTROLS

Stanmore III includes three controls for adjusting the audio.

- I. Volume control
- II. Bass control
- III. Treble control

④ MEDIA CONTROL

Control the audio directly from the top panel when playing via Bluetooth.

- I. Push to play or pause
- II. Push right to skip forward
- III. Push left to skip back
- IV. Hold left or right to rewind or fast forward

Playback can also be controlled from the Marshall Bluetooth app.

⑤ POWER SWITCH

Use the power switch to turn the speaker on or off.

⑥ RCA INPUT (LEFT AND RIGHT)

Plug in an RCA audio device, such as an RIAA turntable.

⑦ POWER INPUT

Use the included mains lead to connect Stanmore III to the wall socket.

INSTRUCTIONS

ENGLISH

GETTING STARTED

- I. Connect the mains lead to the mains input on your speaker, then connect the mains plug to the wall socket.
- II. Use the power switch to turn the speaker on.
- III. Download the Marshall Bluetooth app and follow the in-app instructions to set up your speaker.

Important: Always ensure that the mains lead, plug and speaker are compatible with your mains supply and wall socket.

Caution: Always unplug the mains lead from the wall socket before disconnecting it from the speaker.

BLUETOOTH PAIRING

- I. Use the source button to select Bluetooth.
- II. Push and hold the source button until the Bluetooth LED pulses red.
- III. Select STANMORE III from your audio device's Bluetooth list.

Stanmore III can be connected to two Bluetooth devices at the same time. If a connected device is playing, a second connected device cannot start playing until the first device is paused.

CONNECTING AN AUX DEVICE

- I. Connect a 3.5 mm stereo jack to the AUX input on the top of the speaker.
- II. Connect the other end of the lead to the audio output on your audio source.
- III. Use the source button to select AUX.

Note: Audio leads are not included.

CONNECTING AN RCA DEVICE

- I. Connect a lead with RCA jacks to the RCA input on the back of the speaker.
- II. Connect the other end of the lead to the output on your audio source.
- III. Use the source button to select RCA.

Note: The turntable must be equipped with an RIAA amplifier or connected via a separate preamplifier. Audio lead and RIAA amplifier are not included.

NETWORK STANDBY MODE

Stanmore III will go into network standby if left unused for 10 minutes to save energy. Any connected Bluetooth device will be disconnected.

Interact with any control or button on the top panel, reconnect a Bluetooth device or play anything via the physical inputs to wake up the speaker.

INSTRUCTIONS

ENGLISH

PERFORMING A FACTORY RESET

A factory reset will return the speaker to its original settings, excluding any firmware updates.

Note: This will delete all user settings and the speaker needs to be set up again.

- I. Push and hold the media control for more than 10 seconds and the speaker will reset.
- II. Remove STANMORE III from your audio device's Bluetooth list before pairing again.

MARSHALL BLUETOOTH APP

Download the Marshall Bluetooth app to get the most out of your speaker and keep it up to date with the latest software.

TROUBLESHOOTING

ENGLISH

PROBLEM	CAUSE	ACTION
The speaker does not turn on	The speaker is not connected to mains electricity supply.	Connect the mains lead to the speaker and a working wall socket.
The speaker is not responding	A software problem has occurred.	Unplug the mains power plug from the wall socket, wait for 15 seconds, then plug it in again.
There is no audio or audio is too low	The wrong audio source is selected.	Use the source button to select the audio source.
	The audio device is not connected.	Ensure that the device is connected to Stanmore III.
	Volume is set too low on either the audio source or the speaker.	Slightly increase the volume on your audio source or the speaker.
The audio is distorted	Volume is set too high on the audio source.	Turn down the playback volume on the audio source.
	The volume, bass, or treble is set too high on the speaker.	Lower the volume, bass, or treble on the speaker.

TROUBLESHOOTING

ENGLISH

PROBLEM	CAUSE	ACTION
Cannot connect or pair with a Bluetooth device	Bluetooth is not enabled on your device (smartphone, tablet, computer).	Activate Bluetooth on your audio device.
	A Bluetooth device is already connected to the speaker.	Disconnect the connected Bluetooth audio device before setting the speaker in pairing mode.
	The speaker is not in pairing mode.	I. Use the source button to select Bluetooth. II. Push the source button until the Bluetooth LED pulses red.
Bluetooth connection drops out	The two Bluetooth devices are too far apart, or the connection is affected due to obstacles.	Move the devices closer to each other so that they are unobstructed by obstacles such as walls or doors.

TROUBLESHOOTING

ENGLISH

PROBLEM	CAUSE	ACTION
Bluetooth connection drops out	There is a strong electric field surrounding the speaker. Items such as microwave ovens, wireless network adapters, fluorescent lights and gas cookers use the same frequency range as the Bluetooth device. This may lead to electrical disturbances.	Move the speaker to another spot or turn off or move the interfering electronic device.
Erratic behaviour	The speaker is not using the latest firmware version.	Download the Marshall Bluetooth app and connect to the speaker. Follow the in-app instructions to ensure that the speaker has the latest firmware version.
	There is a software error.	Perform a factory reset by pressing the media control for more than 10 seconds. The speaker needs to be set up again, see the GETTING STARTED instructions.

CAUTION / AVIS

This lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence

of non-insulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock.

Le symbole représentant un éclair avec une flèche dans un triangle équilatéral a pour but d'avertir l'utilisateur de la présence de « tension dangereuse » non-isolée à l'intérieur du produit qui peut être suffisamment importante pour constituer un risque d'électrocution.

Warning: To reduce the risk of electric shock, do not remove cover (or back) as there are no user-serviceable parts inside. Refer servicing to qualified personnel.

Avertissement : Afin de réduire le risque d'électrocution, ne pas retirer la protection (ou le panneau arrière), car aucune pièce intérieure ne peut être réparée par l'utilisateur. Confier toute réparation à un professionnel qualifié.

The exclamation point within an equilateral triangle is intended

to alert the user to the presence of important operating and maintenance instructions in the literature accompanying the appliance.

Le point d'exclamation contenu dans un triangle équilatéral, avertit l'utilisateur que la documentation fournie avec l'appareil contient des instructions d'utilisation et d'entretien importantes.

FCC STATEMENT

WARNING: Any changes or modifications to this device not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment complies with the FCC radiation exposure limits set forth for an uncontrolled environment. This device must not be co-located or operated in conjunction with any other antenna or transmitter.

To comply with FCC's RF radiation exposure limits for general population/uncontrolled exposure, this device must be installed to provide a separation distance of at least 20 cm from all persons.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

U.S. responsible party, contact information:

Zound Industries USA, Inc.

Telephone number: 646-214-1003

IC STATEMENT

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme à la norme RSS sans licence d'Industrie Canada. Son fonctionnement est soumis aux deux conditions suivantes : (1) cet appareil ne doit pas provoquer d'interférence et (2) cet appareil doit supporter les interférences, y compris les interférences susceptibles de provoquer un fonctionnement inattendu.

To comply with Industry Canada's RF radiation exposure limits for general population/uncontrolled exposure, this device must be installed with a minimum distance of 20 cm from all persons.

Pour être conforme aux limites d'exposition aux radiations RF d'Industrie Canada pour la population générale/l'exposition non maîtrisée, cet appareil doit être installé à une distance minimale de 20 cm des personnes.

This Class B digital device complies with Canadian ICES-003.

Cet appareil numérique de classe B est conforme à la norme ICES-003 au Canada.

CAN ICES-003 (B)/NMB-003(B)

IFETEL

La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

ANATEL

Este produto está homologado pela ANATEL, de acordo com os procedimentos regulamentados pela Resolução nº. 242/2000 e atende aos requisitos técnicos aplicados. Este equipamento não tem direito à proteção contra interferência prejudicial e não pode causar interferência em sistemas devidamente autorizados.

Para maiores informações, consulte o site da ANATEL – www.anatel.gov.br

取得審驗證明之低功率射頻器材，非經核准，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

低功率射頻器材之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。

前述合法通信，指依電信管理法規定作業之無線電通信。低功率射頻器材須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

ENGLISH

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with a dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
10. Only use attachments/accessories specified by the manufacturer.
11.  Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart or rack is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
12. Unplug this apparatus during lightning storms or when unused for long periods of time.
13. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

WARNINGS

- This is not a toy. Keep this product and its accessories away from young children.
- To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. Do not expose to dripping or splashing. Objects filled with liquids, such as vases, shall not be placed on apparatus.
- Do not drop the product.
- Do not cover the product, as this may cause overheating.
- Placing your ears too close to the speaker could damage your hearing.
- Do not listen for an extended period of time at a high sound pressure level.
- Do not insert body parts or other objects into the bass port as this may result in injury.
- Do not install the product in an area that impedes access to the power source.
- The mains plug is used as disconnect device, the disconnect device shall remain readily accessible.

This equipment is a Class II or double-insulated electrical appliance. It has been designed in such a way that it does not require a safety connection to electrical earth.

INSTALLATION & CONNECTION

- Connect the product only to the correct mains voltage as shown on the equipment.
- Use only power cables of the type specified in the operating instructions or as marked on the product.
- Do not install this equipment in a confined or enclosed space. Maintain well-ventilated conditions during operation. The ventilation should not be impeded by covering openings with items such as newspaper, table-cloths, curtains etc.
- Install this speaker on a stable and level surface.
- No naked flame sources, such as lighted candles, should be placed on or near the apparatus.

DISPOSAL & RECYCLING INFORMATION

Electrical products, cables, batteries, packaging, and the manual, should not be mixed with general household waste. For proper recycling, please take these products to a designated collection point where they will be accepted free of charge or return them to your local retailer. Correct product disposal saves resources and prevents negative effects on human health and the environment.

For more information related to disposal and recycling, visit the website: www.marshallheadphones.com

DISCLAIMER

The information contained herein is correct at the time of publication, with reservation for editorial errors. This product is software dependent and its functions and compatibility can change when updating the software.

DECLARATION OF CONFORMITY

Hereby, Zound Industries International AB, declares that this product is in compliance with 2014/53/EU and the UK The Radio Equipment Regulations 2017 (SI2017/1206).

Maximum RF transmit power: Bluetooth (2402-2480 MHz) < 20 dBm
