

User Guide

Manual

1. Take the canopy tent out of the storage bag.
2. Lay it out, pull out the four air pillars in the middle, adjust the tent width according to the positioning belt at the bottom, and hit the tent stakes.
3. Find and close the two valve on the air pillars.

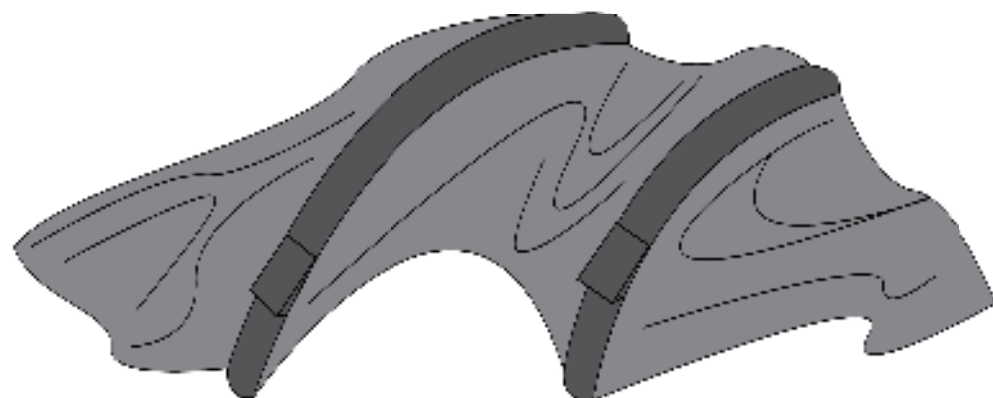

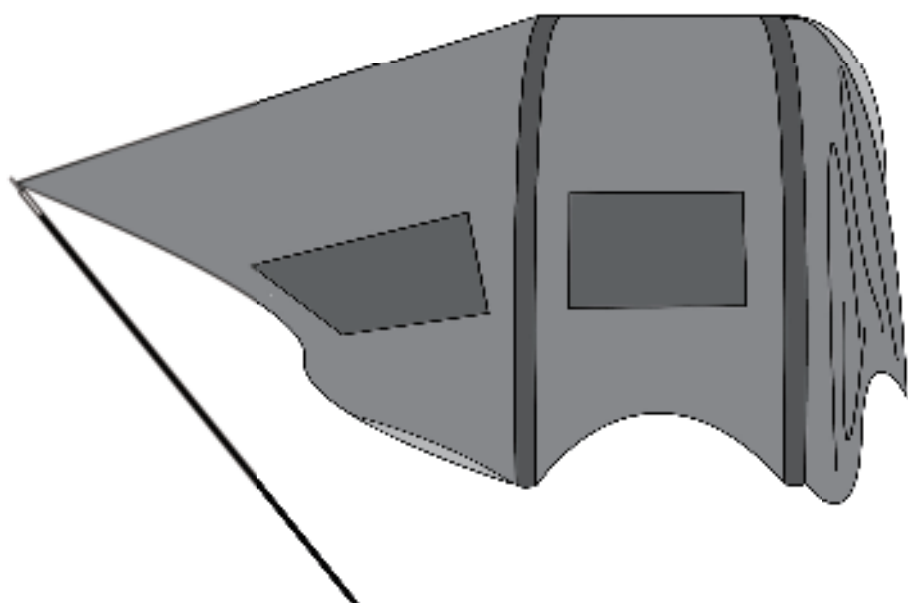

4. Open the top cap of the valve on air pillars, and use high pressure hand air pump or Aerogogo tent pump (extra purchase) to inflate.
5. After fully inflated, use the four tent poles to support the tent.
6. Pull the rope to the appropriate position to fix the tent on the ground, you can now use the Aerogogo LULI Canopy Tent.

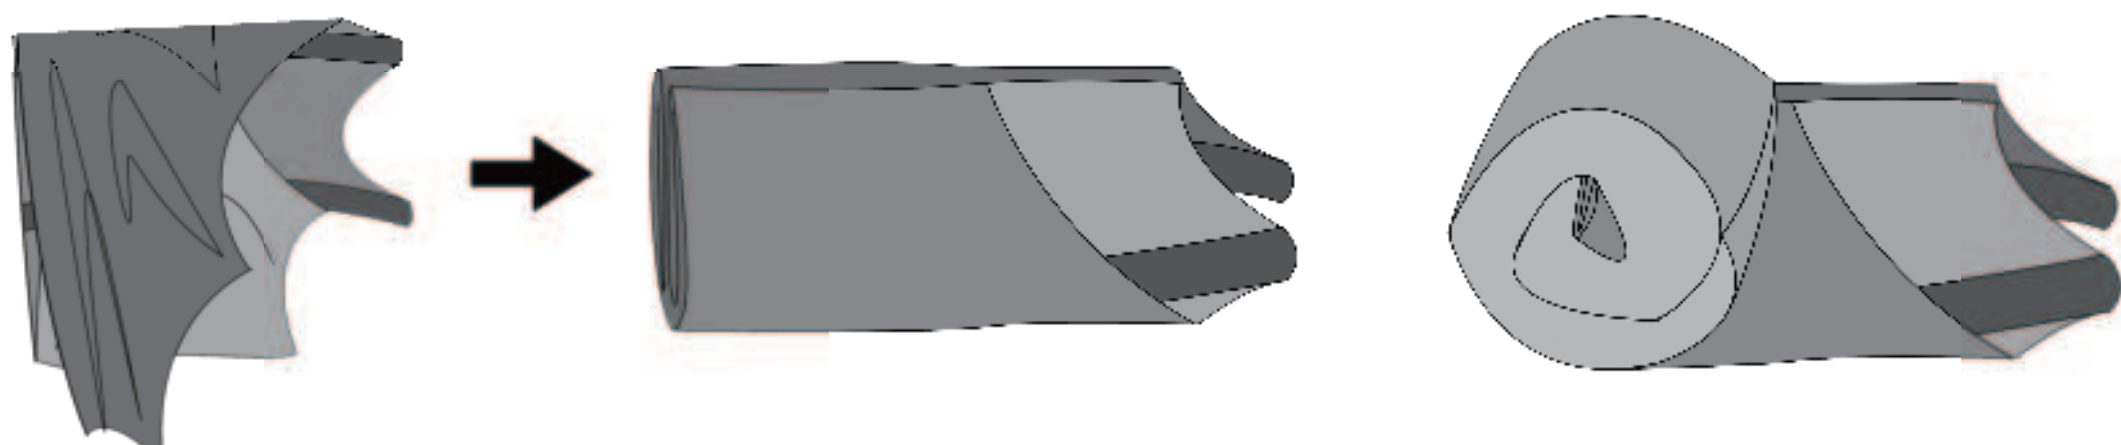

Storage process

1. Remove the wind ropes, stakes and poles.
2. Open the two exhaust valves on the air pillars and wait for the air to drain out completely.
3. Wait until the canopy tent return to its pre-inflated state.

4. Fold the deflated canopy tent into a long strip.
5. Then roll it into a cylinder from one end of the strip.
6. Put the folded canopy tent and its accessories back into the storage bag.

Accessory

Tent stakes*18

Wind ropes*14

Tent poles*4

Projection screen*1

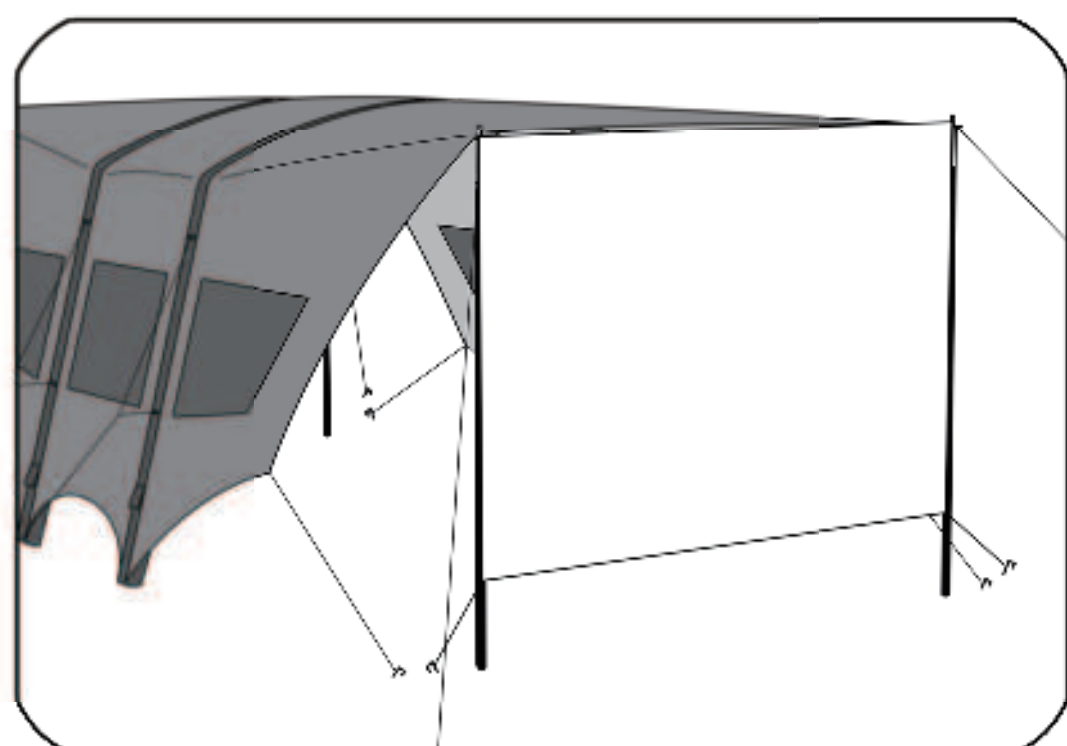

TPU patch*2

Storage bag*1

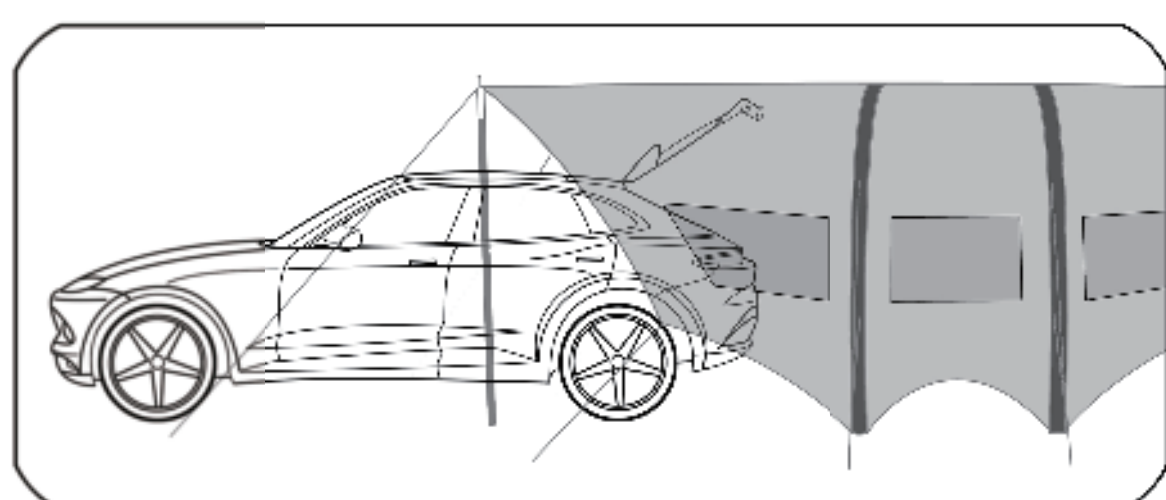

Note

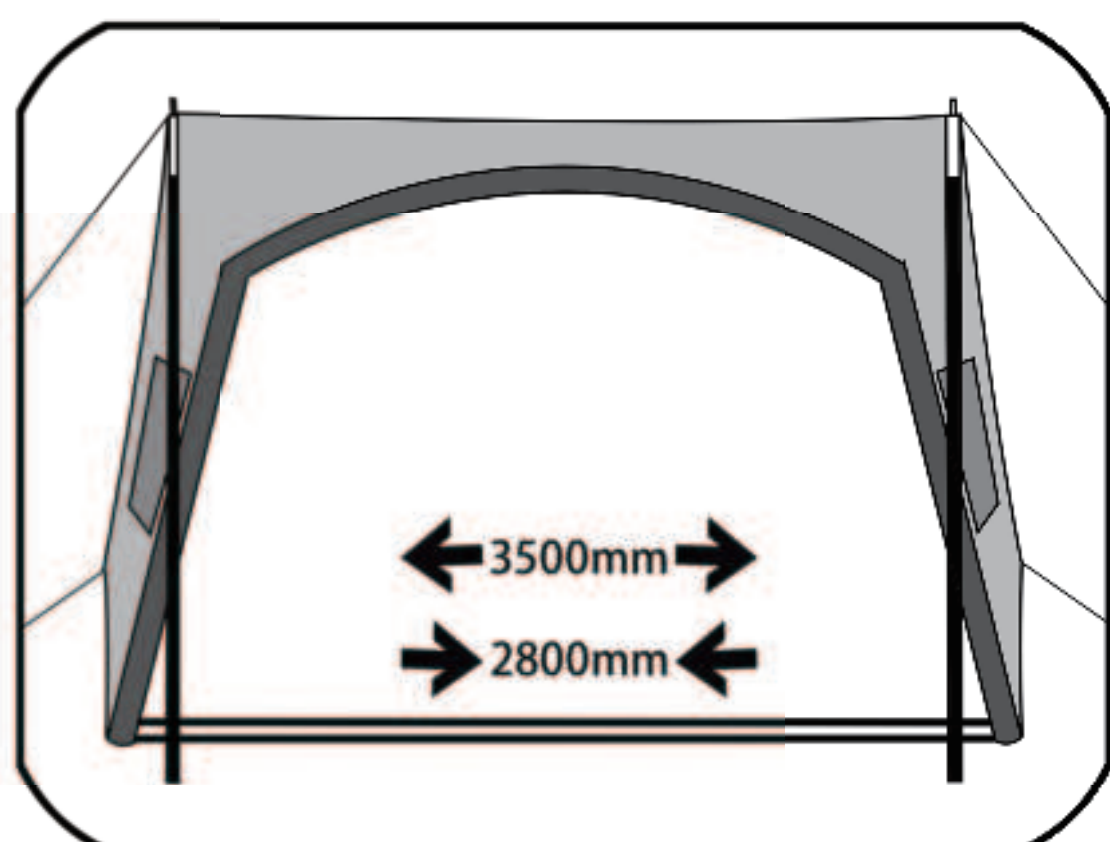

*The attached projection screen can be hanged between two top rods at one end of the tent.

*One end of the tent can be used as a car tent. The distance between the two tent poles is 2.5 meters, and the net height is 2.1 meters. It can fit for parking most cars easily.

*The width of the tent can be adjusted by the bottom positioning belt, ranging from 2.8-3.5 meters.

Reminder

- Once there is minor damage to the air pillar, use the emergency repair patch to repair the damage. Regarding the repair methods, please refer to the instructions inside the package of the repair patch.
- If the surface of the product is dirty and cannot be wiped off with clean water, please try to use neutral cleaning solution or soap water.

Warning

- Children under 12 must be assisted by his/her parent or guardian when using the product.
- Please don't open the zipper when the tent is inflated. The damage caused by this operation is not in the scope of warranty, no longer enjoy the return and exchange services.
