

# **IP65 WATER RESISTANT PORTABLE BLUETOOTH SPEAKER**

KASPKIP65BA

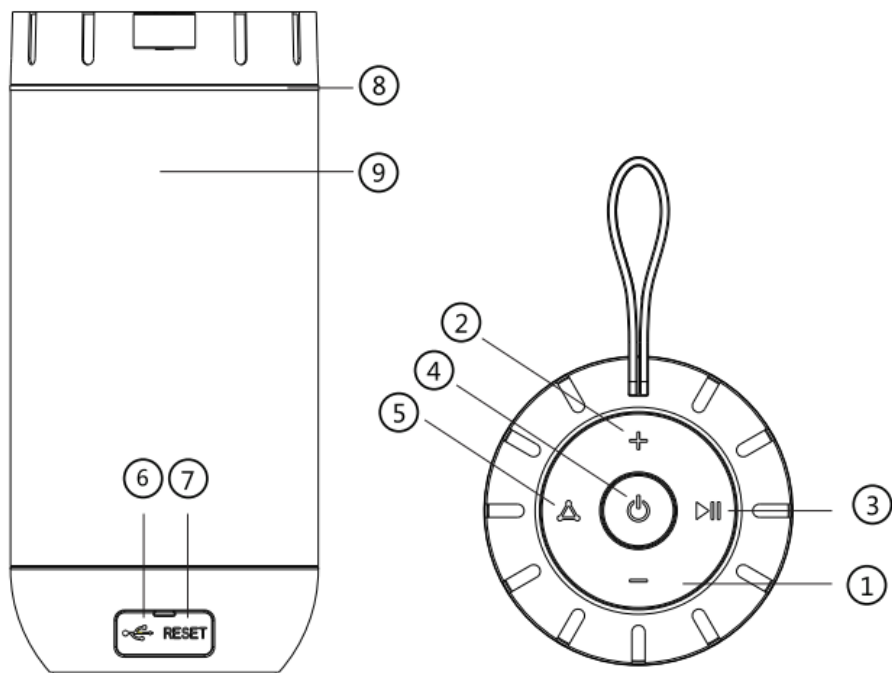

## SAFETY & WARNINGS

- The device will gain temperature while in use or while charging. This is normal, and not a reason for concern.
- Before cleaning, ensure the device is disconnected from all audio devices and turned off. Do not use alcohol, benzene or other chemicals to clean the speaker.
- Do not throw or step on the speaker. Place it on a stable surface when in use.
- Do not place the speaker close to extremely cold or hot objects.
- Only use with original accessories provided by the manufacturer.
- Do not disassemble the speaker without authorisation.
- If the speaker is not to be used for a long time, please fully charge it at least once a month to avoid decreasing the speaker battery life.
- When speakers are in TWS pairing mode, all the control functions are in sync between the speaker and the connected device. For best results, only operate using one of them.

# FUNCTIONS

<b>Charging</b>	<p>Fully charge the speaker for about 7.5-8 hours before first use.</p> <p>The indicator light is red when charging, and it will turn to green when fully charged. Use the supplied USB charging cable to connect to a power adapter (DC 5V/1 A, not included) to charge.</p>
<b>Power on/off</b>	<p>Long press the power button "  " until the blue indicator light flashes, then release the power button. The speaker will turn on with a prompt tone.</p>
<b>Bluetooth Pairing</b>	<p>When turned on, but not paired to a device, the indicator light will continue flashing quickly. Open your smart device's bluetooth options, search for available connections and select the speaker ("KASPKIP65BA").</p> <p>When successful paired, you will hear a sound alert to confirm. Now music played from the device will come through the bluetooth speaker.</p>
<b>Automatic connection</b>	<p>If you already paired with a device previously, the speaker will automatically pair with this smartphone when it turns on. If not automatically pairing, ensure the device's Bluetooth function is turned on.</p>
<b>Control buttons</b>	<p>When you are playing music via Bluetooth, short press "  " to increase the volume, long press "  " to listen Next song.</p> <p>When you are playing music via Bluetooth, short press "  " to decrease the volume, long press "  " to listen previous song.</p> <p>Short press "  " to play and pause.</p>
<b>Phone calls</b>	<p>when there is a call, short press play/pause button to pick up the call by this speaker, long press the Play/Pause button for 2 seconds to reject this call and when answering the call, short press the Play/Pause button to end it.</p> <p>Redial: double press the Play/Pause button, your smartphone will redial your last dialled number.</p>
<b>Automatic Power Off</b>	<p>The speaker will turn off after 10 minutes to save battery power in the following situations.</p> <ul style="list-style-type: none"> <li>• No device is connected</li> <li>• Connected device is out of transmission range</li> <li>• Bluetooth is turned off on device</li> </ul>

## **Pairing to another smartphone / device:**

**Method 1, disconnecting smartphone:** Turn off smartphone A's Bluetooth function, you will hear a sound alert confirming that the speaker is not connected, and the blue indicator light will be flashing quickly. Then using smartphone B, search for "KASPKIP65BA" and select it to pair.

**Method 2, manually dropping connection:** Long press the Play/Pause button for 3 seconds until you hear the sound alert. This will manually disconnect from the connected device. The blue indicator light will be flashing quickly. Then using smartphone B, search for "KASPKIP65BA" and select it to pair.

## **Clear Paired Information:**

The speaker can remember up to 8 device's pairing information. If you need to clear this information, turn on the speaker and long press the Play / Pause button for 6 seconds until you hear the sound alert and the pairing information list is cleared.

## **True wireless system (TWS) connection:**

This requires two of the speaker – sold separately.

Power on the two speakers, but do not pair with your phone. Long press the “” button of each speaker to set them into the TWS pairing mode – the blue indicator will flash and sound alert will play when paired successfully to each other. Then open the Bluetooth options on your phone and connect either of the KASPKIP65BA to play music. This will play from both speakers, with the controls synchronised.

## **Low Battery Warning:**

When the speaker's battery is less than 20%, the red indicator light will flash. Charge the speaker as soon as you can. When battery is less than 5%, it will turn off automatically.

# SPECIFICATIONS
