Assembly Guide

Watch our beginners
guide videos on
youtube.
Just scan the
QR code and get
started!

Use an exacto
knife to cut the
bits connecting
the parts to the
frame.

Remove the parts
from the frame
with a rotating
motion along the
axis formed by the
bits you just cut.

LASEROX

Use **wood glue** for assembly.
If you encounter any issues,
please contact us at
info@laserox.net

Use the exacto
knife to remove
any of the
remaining
connection bits.

Most joints are
press-fit, but
some joints
might require a
drop of glue to
ensure a strong
bond.

Press the parts
together or use
a hobby hammer
with slight force
for assembly.

WARNING: Not a toy. Not suitable
for children under 14 years of age.

Assembly

- Some parts might look different than in the assembly instructions, with added decorations/engravings/embelishments.
- Color variations or branch marks are a natural part of the birch plywood.
- The burnt smell of wood is natural and will dissipate with time.
- Rarely the laser will not cut through the complete sheet, but this can be fixed with the help of a hobby knife. If that is not possible, please contact us for a replacement!

Watch our
"How it fits"
video and get your
game organized!
