Care & Maintenance

SAFE USE: Only use on a flat, level surface. Do not exceed the weight capacity. Do not sit, stand, or climb on the unit.

EXPOSURE: Over time, sunlight and weather elements will cause the wood to oxidize, turning it to a silvery gray color. Additionally, long-term exposure to sun, rain, and high humidity may cause wood swelling. Stress caused from swelling can lead to splitting or cracking, cause hardware to loosen, and glued joints to fail. Maintenance is required to keep wood furniture in tip-top condition.

INSPECT: Periodically check assembly points and tighten fittings as necessary.

CLEANING: Identify the direction of the woodgrain. Following the direction of the woodgrain, wipe surfaces with a soft, dry cloth. Do not use harsh chemicals, abrasive materials, or a pressure washer to clean the unit.

CARE & STORAGE: Protect this item from inclement weather, especially ice and snow. Move to a dry indoor location when not in use.

Covering while in storage is recommended to help prevent dust build-up.

MAINTENANCE: If left untreated, the wood may weather. To maintain the appearance, apply a suitable penetrating wood oil (not included) at least once per year or when the wood looks particularly dry.

Before applying a suitable wood oil, clean the unit and bring it into a dry, warm, indoor location. Allow the unit to dry thoroughly before applying oil; drying may take several days. Only apply oil to wooden surfaces. Apply oil as directed by the wood oil manufacturer.

WARNING: THE ONE-YEAR WARRANTY DOES NOT COVER DAMAGES OR DEFECTS CAUSED BY THE APPLICATION OF CHEMICAL TREATMENTS, PROTECTIVE COATINGS, OR CLEANING PRODUCTS.
