koala soft touch^{80×80}

instruction manual

1. INTRODUCING KOALA SOFT TOUCH 30×30

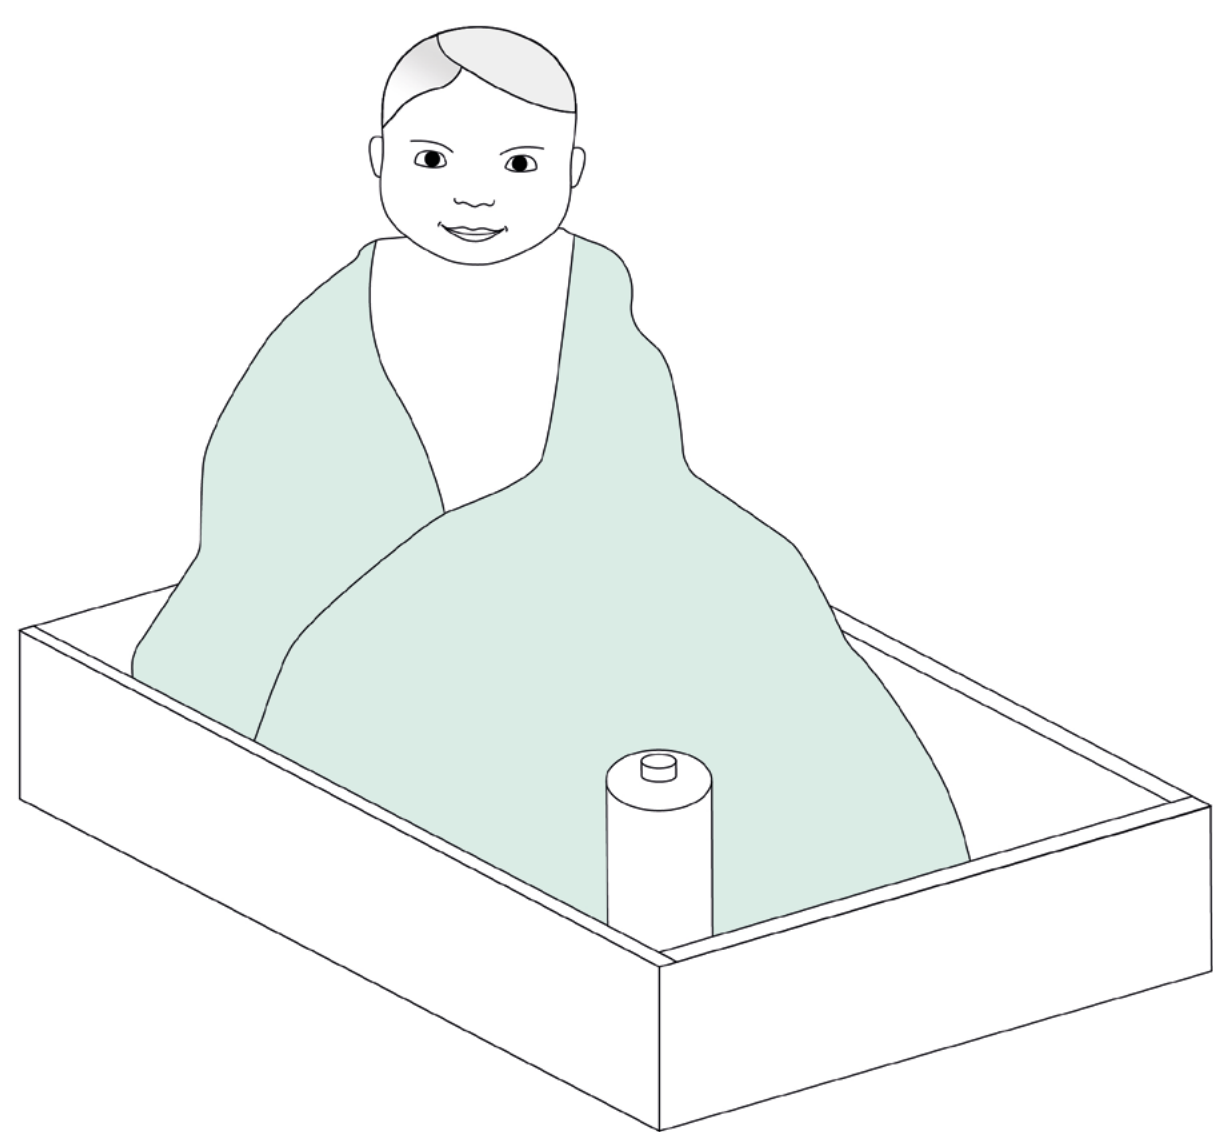

Koala Soft Touch muslin squares are a must-have baby essential in the everyday life of a new parent. **They are just what you need at the right time**, for example: to cover up your baby to keep them warm, to dry them if they are wet, to soothe them if they're a little fussy, to change their nappy when out and about.

Inside the pack you will find **a set of 3 muslin squares measuring 80cm × 80cm**. They are versatile, ready-to-use and easy to wash. **Made of 100% certified organic cotton**, breathable and gentle on a baby's sensitive skin, **they stay super soft wash after wash**.

They stand out for their **stylish and original design**, which varies on each one: a plain coloured one, a patterned one and one with a cute animal design that will amuse your baby.

They have multiple uses: a bath towel, a nappy change cloth, a light blanket for their crib, Moses basket, cot, pram, or car seat to protect your baby from sudden changes in temperature. It can also be used as a comforter to soothe them and make them feel protected.

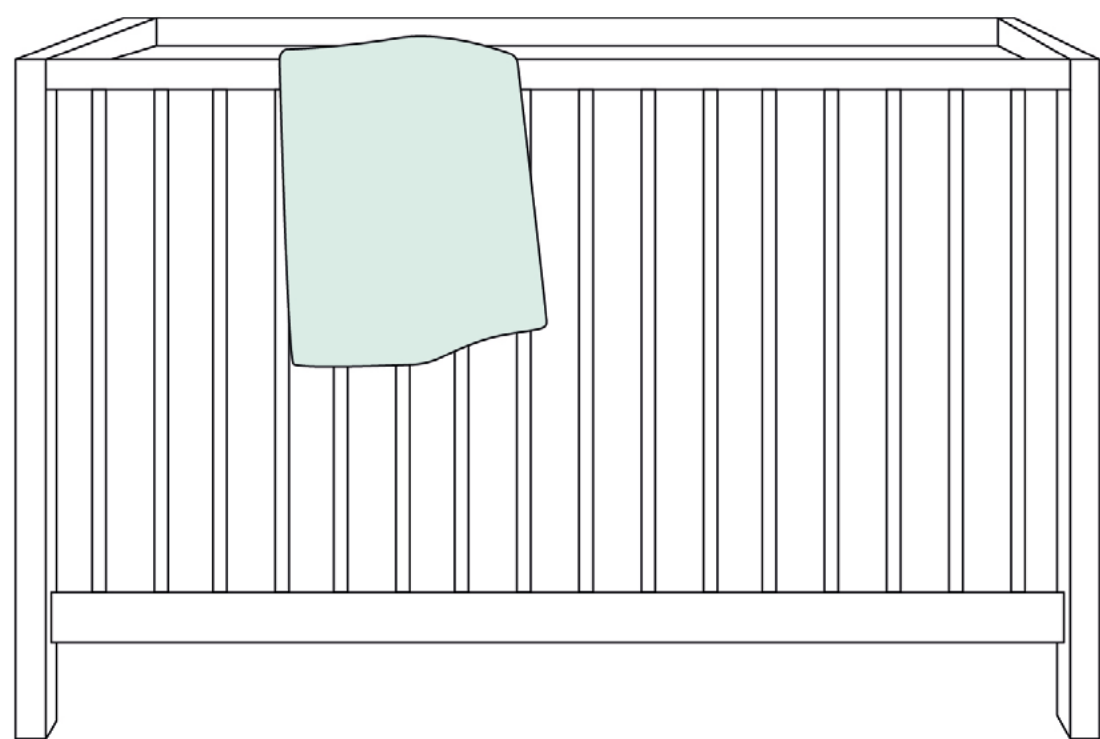

3. DISCOVER HOW YOU CAN USE KOALA SOFT TOUCH 80×80

Bath towel

Changing mat for nappy tie

Light blanket for the summer
