

OSMO

BATHLIFT ANTI-BACTERIAL COVERS

The Osmo Bathlift includes our newest Anti-Bacterial Covers. Not only do these provide a unique style and finish, they also feature essential benefits improving your bathing experience.

SKIN PROTECTION

Gentle on sensitive skin, reducing the risk of abrasions and sores.

EASY TO CLEAN

Removable, making it easy to maintain cleanliness and hygiene.

DURABLE

Made from tear-resistant PVC, designed to withstand regular use and frequent washing.

ODOUR CONTROL

Helps to prevent unpleasant odours after use.

IMPROVED HYGIENE

Reduces the growth of bacteria and mould.

INCREASED LONGEVITY

Aids in extending the lifespan of your bathlift.

INSTALLATION

1. Place the anti-bacterial covers over the Osmo back & seat covers.
2. Insert the cover clips to secure.

CLEANING

After use, rinse the Osmo Bathlift with warm water to remove any excess foam and soap, then wipe it over thoroughly with a towel.
