24" Panel-Ready Column Freezer
JBZFL24IGX (Left Swing)

JENNAIR®

Features

Daring Obsidian Interior
Inspired by volcanic glass, this dark finish erupts with reflective, high-contrast style. Let fine foods emerge like vibrant art, begging to be devoured.

Ecliptic Lighting
Live beyond the shadow, live beyond puck lighting. Over 650 LEDs frame and fill your column, coming alive at a touch of the controls. Each item illuminates in dramatic glory.

Divinity Freezing
One provocative air tower. Two precision sensors. Calibrated every second. Master temperatures to keep humidity controlled and spirits impeccably chilled.

Remote Access
Open door. Power outages. Filter changes. Connect to WiFi for real-time notifications and control your columns from anywhere. Tap and swipe on both iOS and Android devices.

Solid Glass and Metal
All-metal bins and shelf frames. Thick, naturally odor-resistant solid glass. A forcefield at the edge that prevents spillovers. To hell with cheap plastic in luxury designs.
