|----------|------------------|
| Hub Size | #32              |
| Type     | Mechanical Parts |

### Notes & Details

This Avantco #32 sausage stuffer flange is a direct replacement for the flange that came with select sausage stuffer tubes, such as 177MG32TUBE4, 177MG32TUBE5, and 177MG32TUBE6. This sausage stuffer flange is designed to fit MG32 grinders. It adapts the outlet tube to the sausage stuffer tubes, and is easily mounted without the use of tools. Be sure to replace a broken one promptly to get your meat grinding operation back in business.
