FCC Caution

The device complies with part 15 of the FCC Rules. Operation of this equipment is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may be harmful to the operation of the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna;

Increase separation between the equipment and receiver;

Connect the equipment into a outlet on a circuit different from that to which the receiver is connected;

Contact your local channel 6 television station for help;

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable use condition without restrictions.
