Sync Tracks to Bryton Active App

1

Scan QR code on the cover to download Bryton Active App or go to Google Play/App Store to search Bryton Active App. Then, log in or create an account.

2

Check if the UUID shown on app is same as your device. Select YES to confirm adding this device. If the UUID does not match, press NO to try adding again.

3

Go to **Settings > Device Manager > + > Rider 15 neo** to add your GPS device.

4

Successfully added! Now click **BT Sync** to upload new tracks to Bryton Active App.
