SUPPORT BEAM HANGER

MODEL:LTDJQX-2X10-50

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

Safety Instructions

Read and understand this entire manual before assembling, installing, operating, or servicing this product. Failure to follow these warnings and instructions can cause personal injury or damage to valuable property.

ALL AROUND USE

Light support beams can be used for floor deck or ceiling trusses, or attached to the rafters, where roof beams are firmly held in place and made as strong as possible to withstand greater strength or give you peace of mind to store items.

SAFETY PRECAUTIONS

1. Do not allow children to climb on the unit.
2. Keep children and pets away during assembly.
2. Please assemble the product in strict accordance with the instructions. Incorrect assembly could be hazardous.
3. Please wear safety goggles and work gloves properly during assembly.
4. Do not try to assemble the product when feeling tired or when under the influence of alcohol, drugs or medication.
5. Load bearing capacity and other product parameters are applied to the properly and completely assembled product only.
6. Separate and count all parts and hardware.
7. Prepare the following tool: Philips Head Screwdriver.
8. If using power tools, please be careful to slow down and stop when needed.
9. Two people are required for assembly.
10. Follow the intended uses only.
