

V700 subscription offers

Transparency shouldn't come at a high price.

As the requirement for law enforcement video systems continues to grow, the obstacles to acquisition remain the same. Raising funding and securing grants is difficult and time-consuming. Data storage and system maintenance costs are hard to predict. And video technology continues to mature, making a big investment potentially risky.

Motorola Solutions helps you overcome these obstacles. Our V700-as-a-Service offering enables you to deploy a new camera system and start using it immediately under a simple 5-year pay-as-you-go program. Everything you need is provided, including your camera system, required accessories, management software, video storage, service and support. And if you already have content in another evidence management system, we can work with you to migrate your video material to the new platform.

V700-AS-A-SERVICE PACKAGE (\$69 PER MONTH)

Contract length	5 years
Included technology and accessories	V700 body camera, swappable battery, mount (magnetic, MOLLE or shirt)
Included software	CommandCentral DEMS (cloud) VideoManager EX (on-premises)
Included training and installation	Virtual on-demand learning
Services	Device managed services (essential), accidental damage, advanced hardware replacement, 24/7 phone support
Refresh	New body camera and battery (year 3)

We also offer a separate battery subscription service for \$5 per month, which allows one battery refresh per V700 every two years. This can be ordered as part of an upfront V700 purchase, ensuring peak performance for your devices and minimizing operational disruption.
