

Model: RQ22N6ASD

4-DOOR REFRIGERATOR

The Centerpiece for any Kitchen

Hisense PureFlat design provides a sleek modern look with high-tech features to fit all your family needs. The inverter compressor technology is more energy efficient and runs quieter than a traditional compressor. Five digital temperature sensors ensure optimal cooling of the fridge. With 2 spacious drawers for frozen food and 6 door balconies, you'll have plenty of room for the weekly groceries, and some long-weekend essentials too.

WARRANTY

One (1) year parts & labour
5 years sealed system

BUILT-IN ICE MAKER

The built in ice maker ensures you always have fresh ice made with filtered water for the best taste.

METAL GLIDE DRAWERS

Durable metal easy-glide runners allow you to smoothly pull out the storage bins in the My Choice and Freezer compartments. Capable of holding up to 27kg of groceries per drawer you can load them up without worry.

DUAL TECH COOLING

Dual Tech ensures cool air is distributed evenly throughout the fridge, while preventing any mixing of odours and helps to maintain proper humidity control in each part of the fridge which keeps fruit and vegetables fresher longer.

INVERTER COMPRESSOR

Hisense's inverter compressor technology means your new fridge is quieter and uses less energy than a traditional compressor. With the ability to adjust cooling power depending on the situation, it reacts by providing just the right amount of cold air and ensures for a more stable temperature in the fridge. A more stable temperature means foods last longer.

BIG CAPACITY, COUNTER DEPTH DESIGN

At 21.5 cubic feet, the RQ22 provides lots of room to store your groceries and does it with style.

TRIPLE ZONE

Easily convert the My Fresh Choice compartment to a fridge or freezer. With temperature settings from -18°C up to +5°C you can use it for virtually anything from produce to meat to ice cream! By setting the temperature you need, you create a perfect environment for your food, prolonging its freshness and taste.
