Overview

This product is a robust wireless charging device equipped with a smart chip, designed to support mobile phones, smartwatches, and earbuds. It offers high efficiency and stable performance. Simply place your devices on the charging pad, and enjoy the convenience of wireless charging technology. It is also compatible with other electronic devices that support the Qi standard. Perfect for use in the office, home, or while traveling. Before using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

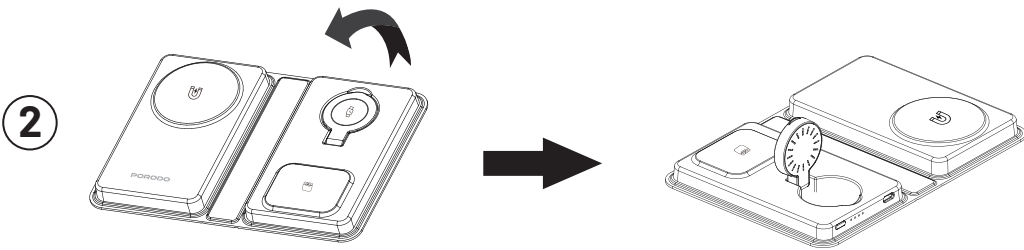

Schematic View

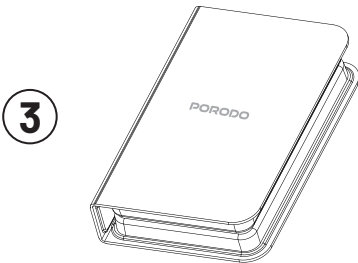

Instructions for Use

Charge your mobile phone, smartwatch, and headset simultaneously.

The watch area can be adjusted to lift up or down. This supports both horizontal and vertical charging.

The product folds into a compact size for easy and convenient storage.

Specifications

Material	ABS, PC, Leather
Battery Capacity	8000mAh
USB-C Output	5V/3A, 9V/2.2A, 12V/1.67A PD 20W
USB-C Input	5V/3A, 9V/2.2A, 12V/1.67A 20W
Wireless Output	5W, 7.5W, 10W

Earbuds Output	5W
Smart Watch Output	2W
Working Frequency	110 to 205kHz
Transmission Distance	3 to 6mm
Charging Interface	Type-C

Precautions

1. When using fast charging, ensure you use a standard charging source adapter and certified fast charging cable to prevent unstable charging.
2. Avoid placing metal objects or magnetic cards on the charging board, as they may cause damage or malfunction of the charger.
3. If the receiving coil or transmitting board overheats during use and stops charging, remove the charging product and allow it to cool down before attempting to charge again.
4. Do not pull the power cord forcibly to avoid damaging or detaching it.
5. Do not disassemble the product, or expose it to fire, water, or potential short circuits.
6. Keep the product away from extremely hot, humid, or corrosive environments to avoid damage.
7. Keep out of reach of children to prevent accidents.

Compatibility

1. Smart Phones

For Apple:

iPhone 16, iPhone 16 Pro, iPhone 16 Pro Max, iPhone 16 Plus
 iPhone 15, iPhone 15 Pro, iPhone 15 Pro Max, iPhone 15 Plus

Samsung Galaxy Buds, Buds+, Buds Pro, Buds Live
Soundcore Liberty Air earbuds Air 2, Air 2 Pro

Note: Compatible with all TWS earphones featuring wireless charging.

Note: Compatible with all devices that support wireless charging.

FAQ

1. Is the phone not charging?

The phone may not be aligned with the sensing area, or the receiving coil may not be installed correctly.

2. Heats up while charging?

It is normal for the receiving coil or the transmitting board to heat up during the wireless charging process.

3. Phone charging intermittently?

A. If the charging current of the adapter is insufficient or the voltage is unstable, please use a QC3.0 fast charging adapter.

B. The charging position may be too skewed, and the electromagnetic induction may be weak. Try adjusting the charging position.

4. The main unit indicator light is normal, but the mobile phone does not work?

The issue may lie with the receiving coil of the mobile phone. It is recommended to update the receiving coil or repair the built-in receiving coil of the mobile phone.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
