

DISCOV-R™

Continuous & Pulse Flow Portable Oxygen Concentrator

Item #

RES70051001 DISCOV-R with 1 Battery (Ascent Package)

RES70051002 DISCOV-R with 2 Batteries (Peak Package)

The world's
smallest
**continuous flow
concentrator**

Airgonomically™ designed using Belluscura's patented ModulAir™ technology, the compact DISCOV-R weighs less than 6.5 lbs, producing more oxygen per pound than any other portable oxygen concentrator.

Lightweight

Weights only 6.5 pounds (2.95kg) with battery

User-Friendly

User-replaceable oxygen enrichment cartridge and direct-charge batteries

Airgonomically™ Designed

Designed to be small and discreet for easy travel

*Weights less than
6.5 lbs. with battery!*

Bluetooth Capability

Connect the DISCOV-R to your mobile device through the Nomad Biometrics app

Multiple Flow Settings

8 pulse flow oxygen settings + 4 continuous flow settings delivering up to 2000mL/min

All-In-One Solution

With both pulse dose and continuous flow settings, the DISCOV-R can be used as a home unit as well as for traveling

FAA Compliant

Take your device with you when you travel by air
