

Bluetooth APP

1. Three ways to download the app

- 1). Scan the QR code (here or on the back of the Mini Controller)

- 2). Use iPhone to search for "duoCo StripX" in the AppStore

- 3). Use your phone to search for "duoCo StripX" in Google Play

2. Bluetooth connection steps

- 1). Turn on Bluetooth, and make sure that your phone's Bluetooth allows this app to be used.
- 2). Open the APP "duoCo StripX", wait for a few seconds, the light strip will automatically connect to the app.

3) . Check the lamp list.

This app can control at most 4 sets of light strips at the same time. The name of the light strip is "OA10". You can turn on or off these light strips separately.

- 1 Bluetooth connected
- 2 Bluetooth disconnected
- 3 light turn on
- 4 light turn off

4) . Set your favourite colour parameters of RED/ GREEN/BLUE

5) . Pattern

6) . Music mode

7) . Switch to the sound rhythm interface

8) . Timing mode

Before using the timing function, please make sure that the light strip is always powered on.

9) . Switch to the setting interface

The app comes with the correct pin sequence. Please DO NOT modify it. The wrong Pin Sequence setting will cause the red, green, blue and all the lights to be confused.

The app comes with the correct pixels. Please DO NOT change it. If you accidentally change it, and then make sure the number you fill in is greater than 100.

The way to download local music

1. Download local music on Android phone:

- (1) Android phone use music players to download songs or copy songs from computers to mobile phones.
- (2) Restart "duoCo StripX" APP. Switch to "music" interface, and you can see the newly imported music files.

2. Download local music on iPhone:

- (1) Install "iTunes" software on your computer;
- (2) Log in iTunes with the same Apple ID account on the iPhone;
- (3) Use iTunes to import downloaded music files on your computer;
- (4) The imported music files will be synchronized to the iPhone in real time.
- (5) Restart "duoCo StripX" APP. Switch to "music" interface, and you can see the newly imported music files.

Alentons

1. Only one mobile phone can be connected to the light strip at a time. If you want to switch to another phone, make sure that the previous Bluetooth connection is disconnected.
2. Please use the product in a dry environment.
3. Please make sure that the voltage is 5V, otherwise the lamp beads will be burnt out.

10) . Troubleshooting
