Health and Safety

The use of any electrical appliance requires the following common sense safety rules.

Please read these instructions carefully before using the product.

- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, if they have been given supervision or instruction concerning the use of the appliance in a safe way and understand the hazards involved.
- Children shall not play with the appliance.
- Cleaning and user maintenance shall not be made by children without supervision.
- If the mains cable is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified person in order to avoid a hazard.
- **WARNING:** Do not open the lid whilst the water is boiling.
- **WARNING:** Misuse of appliance could cause personal injury.
- **WARNING:** Avoid spillage on the connector.
- This appliance has an element which may be subject to residual heat after use.
- Keep the appliance and its cord out of reach of children.
- This appliance is intended to be used in household and similar applications such as: farm houses, by clients in hotels, motels and other residential type environments, and bed and breakfast type environments. It is not suitable for use in staff kitchen areas in shops, offices and other working environments.

Location

- Always locate your appliance away from the edge of the worktop.
- Ensure that the appliance is used on a firm, flat surface.
- Do not use the appliance outdoors or near water.
- **WARNING: Do not place the appliance onto a metal tray or metal surface whilst in use.**

Mains cable

- Do not let the mains cable hang over the edge of the worktop where a child could reach it.
- Do not let the mains cable run across an open space e.g. between a low socket and a table.
- Do not let the mains cable run across a cooker or other hot area which might damage the cable.
- The mains cable should reach from the socket to the base unit without straining the connections.

Personal safety

- Always keep the top of the cordless base dry, especially around the connection area, disconnect the power supply before drying. Allow to dry thoroughly before reconnection to the power supply.
- Do not fill above the MAX mark, otherwise boiling water may be ejected.
- Always pour hot water slowly and carefully without tipping the appliance too fast to prevent splashing and spillage.

- Do not hold the switch in the on position or tamper with the switch to fix it in the on position as this may cause damage to the switch-off mechanism.

- Do not move the kettle while switched on.

Other safety considerations

- The use of attachments or tools not recommended or sold by Morphy Richards, may cause fire, electric shock or injury.
- The kettle is only to be used with the stand provided.
- Do not use the appliance for any use other than to boil water.
- The appliance must not be on the base unit when being filled with water.
- Unplug from the outlet when not in use.
- **WARNING: The appliance must not be immersed for cleaning.**

Electrical requirements

Check that the voltage on the rating plate of your appliance corresponds with your house electricity supply which must be A.C. (Alternating Current).

Should the fuse in the mains plug require changing, replace it with a fuse of the same rating as originally fitted.

WARNING: This appliance must be earthed.

Removing the Filter

1. Allow the kettle to cool completely before removing the filter.
2. Open the Lid (3) by pressing the Lid Release Button (4).
3. Push the tab on the top of the Removable Limescale Filter (2) down, then pull towards the inside of the kettle and lift upwards to remove for cleaning.

4. To refit the Removable Limescale Filter, rest the Filter inside the kettle and clip the tab back into position until it clicks.

WARNING: Unless the Removable Limescale Filter is fitted correctly, it may fall out when pouring.

WARNING: Never boil the kettle with the Removable Limescale Filter removed. It must be attached to the kettle at all times.

Disclaimer

Morphy Richards has a policy of continuous improvement in product quality and design. The company, therefore reserves the right to change the specification of its models at any time.

For electrical products sold within the European Community. At the end of the electrical products useful life, it should not be disposed of with household waste.

Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice in your country

Descaling

IMPORTANT: As this appliance is fitted with a concealed element it must be descaled regularly. The frequency of descaling depends on usage and the hardness of the water in your area.

Excessive scale can cause the appliance to switch off before boiling and may damage the element, invalidating the warranty.

It is essential that regular descaling takes place. We recommend descaling your kettle every month.

Remove hard scale using a proprietary descaling product suitable for stainless steel, glass or plastic. Please follow the cleaning products instructions carefully.

IMPORTANT: Ensure that the electrical connections are completely dry before using the appliance.
