Forester 2.5i-S AWD

why Forester?

Symmetrical force of power

Our All-Wheel Drive philosophy

Greater balance and control. That's the confidence you get from our unique Symmetrical All-Wheel Drive (AWD) system, which delivers the drive distribution to all four wheels, all the time. Every Subaru Forester has an innate sense of balance from the ground up, thanks to a near perfect symmetrical layout.

Boxing clever

Our famous Subaru Boxer engine

While most engines stand vertically, ours lay flat. The famous Subaru Boxer engine helps to deliver better handling. Sitting horizontally in the engine bay, it moves like a boxer's fists with a punch and counterpunch action. Lightweight, low and flat, it makes for perfect balance and a much lower centre of gravity. It creates less noise and vibration too. All of this means better on-road handling for you. More stability. More performance. More fun. And a more confident drive.

Finest safety

5 star ANCAP safety across the Forester range

With Forester comes some serious safety innovation. We want every Subaru Forester to be amongst the safest cars on the road. Engineered full of cutting-edge technologies and the most intelligent design features. The Subaru Forester carries the maximum 5 star ANCAP¹ safety rating.

The backbone of the future

Subaru Global Platform

The Forester is built on the new Subaru Global Platform (SGP). Revolutionary Subaru engineering underpins the superior modular platform for enhanced performance, safety and drivability. Innovative to the core, the game changing frame delivers reduced vibration, less roll when cornering, a smoother ride and improved overall road dynamics. The result? A drive that's damn near perfect and super smooth - with greater straight line stability, improved rigidity, responsive steering control and a quieter cabin.

Eyes in the back of your head

Rear view reverse camera

Manoeuvring back into a tight side street? Family driveway littered with toys? Reverse with confidence, thanks to our rear view reverse camera technology. The rear view reverse camera is like having eyes in the back of your head. This greatly improves your visibility and reduces the risk of bumps and scrapes. A rear view reverse camera is standard across the Subaru Forester range.

Efficiency without compromise

Auto Stop Start

We're constantly thinking of ways to help the environment and become more fuel-efficient. That's why we developed Auto Stop Start technology. It saves fuel by cutting the engine when you don't need it, like when you're idling or stopped in heavy traffic. The moment you're ready to move again, the engine restarts in a fraction of a second. Our Auto Stop Start technology is standard across the Subaru Forester range.

The eyes have it

Driver Monitoring System - Driver Focus¹

Using the facial recognition capabilities of the Driver Monitoring System – Driver Focus¹, the Forester may identify the driver as they take their seat and automatically adjust cabin settings to that driver's pre-programmed preferences. The individual preferences of up to five drivers can be stored, allowing the Multi-Function Display, instrument settings and climate control to be restored to the driver's last setting. Also, the driver's seat and door mirror positions are moved to the driver's personal settings on the 2.5i Premium AWD and 2.5i-S AWD variants.

Yet another world first

Lineartronic® CVT

Pushing innovation beyond the bounds, we introduced an automatic transmission called Lineartronic® Continuously Variable Transmission (CVT) and it's the reason our automatic models drive so smooth. It's the

world's first longitudinally mounted system for AWD vehicles. Unlike a conventional automatic transmission – which uses fixed gear ratios – our Lineartronic® CVT provides infinite variability between the highest and lowest available ratios. So you now experience a smoothness that also optimises the efficiency of the vehicle. For even more excitement, switch to manual mode for greater control to suit your driving style. Lineartronic® CVT is standard on all Forester variants.

Intelligently driven

Subaru Intelligent Drive

Heading to the shops? Taking on the Great Ocean Road? Each situation deserves a distinctive driving mode, so we crafted Subaru Intelligent Drive (SI-Drive) technology to do just that. Intelligent (I) mode – perfect for everyday driving and Sport (S) mode – for enhanced acceleration and all-round sport performance. SI-Drive is standard on Forester 2.5i Premium AWD and 2.5i-S AWD.

Get smart

X-Mode

When the going gets tough, engage Subaru's intelligent X-Mode, standard across the Subaru Forester range. Featuring Hill Descent Control which optimises traction in low speed and slippery conditions, X-Mode delivers uncompromising performance in challenging terrain.

We're looking out for you

EyeSight® Driver Assist

We were the first car company to exclusively use stereo camera technology to detect objects in our vehicle's path. A sign of our future-thinking and our commitment to quality, technology and safety, EyeSight® Driver Assist is like your second pair of eyes, spotting potentially dangerous situations. If EyeSight® detects anything that might be of danger, it warns you audibly, urging you to take action and brake. EyeSight® is standard across the Subaru Forester range.

get more done

Clever design, beautiful finishes and cutting-edge tech make the Forester more enjoyable and productive. A large intuitive touchscreen connects to your phone using Apple CarPlay® and Android Auto™ connectivity¹, plus extra device charging ports in the back and plenty of legroom. A rear view reverse camera will also make it easier to get away safely.

welcome to the family

There are cars that simply get you from A to B, and then there are cars that empower you. Buying a Subaru is like embracing life with both hands and knowing that nothing is going to stop you. When you buy a new Subaru you are welcomed into an owner's program that gives you access to a number of benefits.

Subaru New Car Warranty – 5 Year/Unlimited Kilometres

Every new Subaru purchased for private use is covered by a 5 Year/Unlimited Kilometre manufacturer's national warranty¹. Visit www.subaru.com.au/warranty or ask your Subaru Retailer for more information.

Subaru Capped Price Servicing

With our 5 Year/62,500 Kilometre Capped Price Servicing Program², you'll now know the maximum amount you will have to pay for your next scheduled service during the Program

period. You'll also have peace of mind knowing that specialist Subaru technicians will be looking after your pride and joy using only Genuine Subaru Parts.

DataDotDNA®

Every Subaru is fitted with advanced engine immobilisers and the DataDotDNA^{®3} Theft Deterrent System. Microscopic dots are laser-etched with each vehicle's unique Vehicle Identification Number – making it a less attractive target for thieves.

Three Year Rebate on Theft Insurance Excess

DataDot Technology (Australia) Pty Ltd will pay your theft insurance excess⁴ (up to a maximum of \$800 including GST) should your new Subaru be stolen in the first three years of purchase and not recovered within 45 days despite the presence of DataDotDNA^{®2} and warning labels.

1-Month Health Check and Chat

The 1-Month Health Check and Chat is a free consultation within the first month after delivery of your new Subaru. It allows our factory-trained technicians to provide quick vehicle checks, and one of our Service Advisors will answer any of your questions to help ensure an ongoing, worry-free experience.

Subaru's Map Updates

If your new Subaru is fitted with a factory line fit navigation unit your unit will be covered by Subaru's Map Update Program⁵ – guaranteeing you'll have access to the latest maps for the first 3 years of ownership.

Subaru Roadside Assistance

Enjoy 12 months of Australia-wide, standard Roadside Assistance when you purchase your new Subaru. In the unfortunate situation where you need that extra helping hand, our Roadside Assistance will help¹ with arranging a tow, battery service, flat tyre service, fuel delivery and lockout service.

Subaru Certified Collision Repairer Network

With a dedicated Subaru Certified Collision Repairer² helpline available on 1800 737 179, help is available when you need it most. Available 24-hours a day, 7 days a week, help is only a phone call away.
