Meeting Room Design

IPEVO VOCAL HUB

Up to 50-Feet / 15M

IPEVO VOCAL

Seamless Sound & People-centric Audio

IPEVO VOCAL HUB Wireless Audio System **empowers your conference room (or Even Spaces Without Any Media Setup)** with seamless wireless audio. Let people hear and be heard well through its wireless and flexible design, offering excellent coverage.

No matter how the meeting is set up or where people are located, whether they are dispersed or grouped, everyone in the meeting can easily speak and hear. Simply pair up and rearrange to cover any space.

Say Goodbye to Audio Hassles in the Meeting Room!

Streamlined Setup

1. Simply plug in a VOCAL HUB via USB to your laptop running Microsoft Teams® or Zoom Rooms®.
2. Pair it with a VOCAL speakerphone (up to 6 units) , and your meeting is ready to begin.

Wide Coverage

Extend the reach in a flexible approach. Bluetooth wireless transmission, ensuring your audio is sent up to 50 feet with absolute confidence. Each VOCAL Speakerphone can capture and receive up to a 15-foot range.

Being Comfortable in Any Meeting, at Any Space

No pre-installation or wiring required. Go Wireless!

The IPEVO VOCAL HUB offers wireless and hassle-free deployment, making it suitable for various conference table setups. It ensures participants can enjoy comfortable meetings without the need to raise their voices or lean in close to the device.

Large Conference Rooms

Multi-purpose Rooms

U-shaped Meeting Rooms
