

Access Worldpay for Payments

As part of our growing list of [supported payment gateways and payment options](#), we're excited to announce that **Access Worldpay** is now available for BigCommerce merchants around the world.

Introducing Access Worldpay

Access Worldpay is a payment platform geared towards merchants in the mid-market and Enterprise sectors. It offers simple integration to fault-tolerant, scalable services at a global scale.

- **Give your shoppers peace of mind.** By utilizing highly secure tokenization for stored credit cards and fraud protection with 3D Secure, your shoppers can make purchases with the confidence of knowing that their financial information is secure and protected.
- **Understand and optimize your online business.** Consolidated reporting, customizable alerts, and advanced data analytics give you the tools you need to understand your payment acceptance rates across all markets, stay flexible in the face of current challenges, and stay informed of the latest business trends and activities.
- **Grow your business globally with a single point of integration.** Access Worldpay can process billions of transactions annually across 146 countries, in 126 currencies. It offers rapid, safe, data-driven feature releases to help you keep up-to-date with current payment trends and shopper demands, all through a single point of integration.

Access Worldpay can be used by merchants anywhere in the world, as long as your store is located in one of Access Worldpay's [supported countries](#), is transacting in a [supported currency](#), and has a £15 million or higher card turnover rate. Your store cannot offer high-risk products and services, as defined by Worldpay.

For more information on Access Worldpay's requirements, see [Connecting with Access Worldpay](#).

Growing your high-volume or established business?

Start your [15-day free trial](#), schedule a [demo](#) or give us a call at +61 2 8188 1832.

A wealth of features on your checkout page

If you are interested in setting up an Access Worldpay account, please fill out [this form](#), and a Worldpay Business Development representative will reach out to you.

Once you have been approved and have received your Access Worldpay account credentials, go to your store's payment settings in the BigCommerce control panel. Enter your account credentials, configure Access Worldpay's settings, save, and begin accepting payments. Enable Google Pay and Apple Pay to add seamless [Alternative Payment Methods](#) to your checkout. Allow customers to store credit cards for future orders, while enabling users to process [manual orders](#) straight from the BigCommerce control panel.

For a detailed walkthrough on setup and more information on Access Worldpay's features, see [Connecting with Access Worldpay](#) in the Knowledge Base.
