

The Power to Surprise

2017
SEDONA

SEDONA

MADE FOR [FAMILY FUN]

You don't travel with the herd. You find your own road. So you want way more than any conventional multi-purpose vehicle has to offer. You want advanced technology and bold design – on top of essentials like versatility and safety. Where do you find the vehicle that's made to order for your personality and attitude? Take a close look at the one that's turning heads in all the right ways – the 2017 Kia Sedona MPV. Don't just aim for more, get more – way more.

//////////

DEP
DEALER ePROCESS

THINK AHEAD.

Anticipation is everything. Ready to anticipate a truly engaging driving experience? It's probably not what you expect from a vehicle this capable. But Sedona ups the ante. And while you're looking ahead to the next stretch of open road, Sedona helps you anticipate any potential hazards that may stand in your way, with available systems like adaptive Smart cruise control¹ and Blind-spot detection¹ with Lane-change assist.¹ There's lots to look forward to behind the wheel of Sedona.

//////////

SOLID PERFORMANCE

Sedona features a 276-horsepower 3.3-litre Gasoline Direct Injection (GDI) V6 engine. It's tuned for outstanding mid-range torque for impressive acceleration. Its six-speed Sportmatic[®] transmission allows you to choose between automatic mode or, for even sportier driving, clutch-free manual shifting, which also assists in controlling descent speeds.

STRONG TOWING CAPACITY

The 3.3-litre Gasoline Direct Injection (GDI) V6 engine produces 248 lb.-ft. of torque, giving Sedona a standard towing capacity of 3,500 lb.²

INNOVATIVE TECHNOLOGY¹

Advanced, available systems like adaptive smart cruise control, 360° camera monitoring system, autonomous emergency braking system, front and rear parking sonars and standard rearview camera enhance driver awareness – and peace of mind.

DEP
DEALER ePROCESS

IT DOES THE ADAPTING, SO YOU DON'T HAVE TO.

It's like fitting a square peg in a round hole. One day, you're taking the local team across the province – the next you're moving furniture across town. Does your vehicle roll with the punches? Or does it fight back? Sedona adapts effortlessly. First, it offers available seven and eight-passenger seating. Then it makes the seats highly adaptable. There are available Slide-n-Stow second row seats that slide forward and backward, depending on who or what you're bringing with you. Yes, you can bring it all with you.

EASY TO LIVE WITH

An available Smart-Power Liftgate opens automatically if you simply stand next to your vehicle for three seconds with the available Smart Key in your possession — which is especially helpful when you have your hands full.

STAIN-RESISTANT CLOTH

Sedona's cloth seating features repel-and-release YES Essentials^{®3} technology for stain resistance, so even messy spills clean up easily. Plus, advanced fibers help eliminate lingering odours that moisture can leave behind.

HEATED AND COOLED SEATS

Available heated front and 2nd row seats help ensure comfortable driving in cold weather. Enjoy optimal comfort in warm weather with available air-cooled front seats that circulate cool air through perforations in the seat leather.

UNIQUE SLIDE-N-STOW SEAT DESIGN

When you need more cargo area, you can take advantage of the available⁹ second-row seats' innovative stand-up design. Simply flip a lever to stand the seats upright, where they stay locked in place. Third-row seats conveniently fold down into the floor, and they also feature a versatile 60:40 split-fold design, giving you the option of carrying a combination of passengers and cargo.

International model shown

MAKE
YOURSELF
RIGHT AT HOME.

Everyone is a one-of-a-kind. So a one-size-fits-all approach to seating just doesn't cut it. You need to be able to customize your seating position. That's why Sedona includes an available twelve-way power-adjustable driver's seat, including power lumbar support, as well as an eight-way power adjustable front passenger seat. Want to elevate comfort to an even higher level? Choose Sedona SXL with its premium, two-tone Nappa-leather seat trim and reclining second-row, first-class sliding lounge seats. That's driving – on your own terms.

DUAL SUNROOF

Front and rear sunroofs on Sedona SXL models let you enjoy a feeling of spaciousness and fill the cabin with fresh air. They also feature dual sliding sunshades that are quick and easy to open and close.

DEP
DEALER ePROCESS

HEATED STEERING WHEEL
Sedona SX+ includes a wide variety of luxurious features designed to provide comfortable driving all year long. The available heated steering wheel is especially nice on cold winter mornings.

COOLING GLOVE BOX
An available cooling glove box lets you keep beverages chilled on long drives, while an available second glove box provides additional storage space.

DRIVER'S MEMORY SEAT
Available memory settings for two drivers are located on the driver's door. They provide the luxury and comfort of personalized ergonomics for the available power-adjustable driver's seat, including the power sideview mirrors.

NAPPA LEATHER SEATS
With premium full-grain Nappa-leather seating, the Sedona SXL combines an elegant feel and upscale styling for traveling in extraordinary comfort.

GO BY FEEL.

//////////

Feel – it’s what defines that sense of connection behind the wheel. The key is the science of ergonomics. You’ll see plenty of evidence of ergonomics at work inside Sedona. From its steering wheel-mounted controls to the available voice-command navigation system,⁴ everything is placed for intuitive operation. Soft-touch material is used throughout the interior, not only adding an upscale look, but also a rich feel to the cabin. It just feels right.

The 2017 Sedona comes standard with Bluetooth[®] wireless technology to provide hands-free calling connectivity with Bluetooth-enabled cell phones.

International model shown.

REARVIEW CAMERA¹

When you shift into reverse, a high-resolution video with parking guidelines appears on the rearview camera display. Like an extra set of eyes, it shows you what you might not see in the rearview mirror or by looking over your shoulder.

‘CLEAN AIR’™ CLUSTER IONIZER

The available tri-zone air-conditioning system includes a cluster ionizer. It works silently and efficiently within the system, to help purify air in the cabin.

PUSH-BUTTON START

To make everyday driving more convenient, the available Smart Key remote lets you start or stop the engine with the push of a button, even when you have the key fob in your pocket or purse.

SMART WELCOME

The available welcome lighting system is activated by the available Smart Key remote. When you get close to your Sedona, interior and door-handle lights go on and the power-folding mirrors unfold.

ANDROID AUTO^{10,11}

Google and Sedona are made for each other, with a Google-themed environment in the available Android Auto smartphone integration system.^{10,11} That’s on top of other Google favourites like access to Google Play Music, Google Maps and Google Hangouts messaging. Want more? Visit the Google Play Store to download other great apps and tools to use with your Sedona.

SAFETY ISN'T ONE THING, IT'S EVERYTHING.

Without a doubt, nothing takes priority over safety. The question is: how is that best achieved? The answer is by incorporating safety into all aspects of design and engineering. In Sedona, that means using a series of advanced safety systems to maintain control, even in harsh road conditions and during a range of emergency situations. Better yet, these safety systems are integrated and designed to function automatically. So you can do your part by concentrating on safe driving.

//////////

PREPARED FOR THE UNEXPECTED

Improved interior cabin safety is delivered through the use of high tensile strength steel reinforcing the front, rear and sides, oversized bumper beams, a ringed structure at the centre pillar area, and a chassis design that disperses impact along a number of different paths.

BRAKE ASSIST SYSTEM
If the Brake assist system (BAS) detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

HILL ASSIST CONTROL
To help keep you from rolling backward when starting off on a steep hill, Hill assist control (HAC) automatically maintains braking pressure for up to two seconds after you take your foot off the brake pedal – enough time for engine power to move you forward.

REINFORCED BODY
The side doors on Sedona are reinforced with steel beams to help absorb impact energy and deflect it away from passengers. The A and B pillars (front and middle support pillars) are also reinforced to help strengthen the body structure.

LATCH SYSTEM
The standardized Lower Anchors and Tethers for Children (LATCH) system makes it easier to securely install a compatible child seat in any of the three rear seating positions.

360° CAMERA MONITORING SYSTEM¹
The available 360° camera monitoring system utilizes four cameras, located at the front, rear, and sides, to provide visibility all around the vehicle. This helps enhance the driver's view when manoeuvring into parking spaces.

BLIND-SPOT DETECTION WITH LANE-CHANGE ASSIST¹
The available radar system helps detect vehicles in the driver's blind spot and then provides alerts. Lane-change assist audibly alerts you if you signal to enter a lane with a vehicle already present.

AUTONOMOUS EMERGENCY BRAKING SYSTEM¹
Designed to detect and monitor vehicles traveling ahead of you, this available system automatically applies the brakes if it determines a crash is imminent, helping to avoid a collision or mitigate the effects of a collision if it cannot be avoided.

FRONT AND REAR PARKING SONARS¹
An available sonar system is concealed in the front and rear bumpers. When you're parking, it gives an audible warning if it detects certain objects close to your vehicle.

ELECTRONIC STABILITY CONTROL
Electronic stability control (ESC) monitors Sedona's response to your throttle, brake and steering inputs in tight corners and evasive-maneuvre situations. If and when input and response are out of sync, ESC briefly takes over to restore stability through precise brake and engine-control interventions.

VEHICLE STABILITY MANAGEMENT SYSTEM
The available Vehicle stability management system (VSM) adds steering direction control capability, assisting when appropriate to further stabilize the vehicle. It helps you regain control and return the vehicle to its intended path.

TRACTION CONTROL
Sedona's standard Traction control system (TCS) senses wheel spin during acceleration and uses engine-torque reduction to slow the spinning wheel(s) and transfer torque to the wheels that have the most traction.

CORNERING BRAKE CONTROL
Provides side-to-side brake-pressure proportioning using the electronic brake-force distribution system, resulting in optimized vehicle stability when braking into a turn.

Delivering world-class quality.

Kia is committed to producing exceptional vehicles with superb quality and reliability to suit your driving needs. From compact to crossover, every Kia delivers an extraordinary combination of precision engineering, outstanding performance, innovative features, and advanced safety systems.

STUNNING DESIGN

Under the direction of renowned **President and Chief Design Officer Peter Schreyer** — Kia vehicles have captured worldwide attention for their interior and exterior styling, which represents the collaborative work of designers who have created a look that makes every Kia recognizable at first sight. Today, the lineup consists of vehicles that fill owners, as well as Kia's designers, with pride.

EXTENSIVE RESEARCH AND DEVELOPMENT

Kia's R&D procedures are rigorous and exhaustive. At proving grounds around the world, vehicles undergo unrelenting tests. A world-class wind tunnel provides testing in winds up to 200 km/h. Utilizing heavy-rain-and-snowfall testing chambers and a road simulator, Kia puts its vehicles through punishing tests as part of a commitment to develop exceptionally durable and safe vehicles.

Provo concept

FIFA®

FIFA PARTNER

As the FIFA Official co-Automotive Partner, Kia is proud to help promote soccer globally. As the world's most popular sport, soccer has a special place in the hearts and minds of people in every corner of the planet. Here in Canada, enthusiasm and participation continues to build. And Kia is honoured to be at the centre of the action.

TAKING ON THE COMPETITION

The Kia Racing team is dedicated to competing against world-class competition — and winning. That dedication is part of Kia's belief that the knowledge gained in competition can be applied to the entire Kia lineup to provide you with vehicles that perform beyond your expectations. The Kia Racing team includes championship-winning drivers with proven track records. Be sure to look for Kia in the winner's circle at racetracks across North America in the future.

Get the points.

Kia Member Rewards is an exclusive rewards program for Kia customers.

As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia dealer. Those Reward Points can be redeemed for discounts on future purchases — including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

Kia Member Rewards No-Charge Benefits

- Fuel fill-up with the delivery of your new Kia vehicle
- Local shuttle service
- Multi-point vehicle inspection with every service visit
- Windshield washer fill-up with every paid service
- Windshield wiper installation with wiper purchase
- Preferential rates on car rentals, nationwide
- 24/7 Roadside Assistance for your vehicle under Kia's 5-year/100,000 km warranty or Certified Pre-Owned warranty
- Email notification of exclusive Kia specials and events — a great way to earn Reward Points and save on future purchases

Become a Kia Premium Rewards Member:

Ask your Kia Dealer how you can enjoy even more benefits.

SPECIFICATIONS

Engine	
Type	3.3L, GDI, V6, all aluminum
Valve train	24-valve, DOHC, Dual-Cam Variable Valve Timing (D-CVVT)
Horsepower	276 hp @ 6,000 rpm
Torque	248 lb.-ft. @ 5,200 rpm
Compression ratio	11.5:1
Intake	Variable Intake System (VIS), Electronic Throttle Control (ETC)
Recommended Fuel	Regular unleaded
Fuel management	Gasoline Direct Injection (GDI)
Transmission	6-speed automatic, Sportmatic sequential shifter

Dimensions, mm (in.)	
Wheelbase	3,060 (120.5)
Length	5,115 (201.4)
Width	2,269 (89.3)
Height with/without roof rails	1,755/1,740 (69.1/68.5)
Ground clearance	171 (6.7)
Head room – (front/middle/rear)	1,010/1,000/987 (39.8/39.4/38.9)
Head room – with sunroof (front/ middle/rear)	984/951/930 (38.7/37.4/36.6)
Shoulder room – (front/middle/rear)	1,622/1,602/1,508 (63.9/63.1/59.4)
Leg room – (front/middle/rear)	1,040/1,045 (SXL: 1,030)/885 (40.9/41.1 (SXL: 40.6)/34.8)
Hip room – (front/middle/rear)	1,506/1,679 (SXL: 1,671)/1,269 (59.3/66.1 (SXL: 65.8)/49.7)

Brakes	
Type	4-wheel disc
ABS	4-wheel, 4-channel
Front, mm (in.)	320 (12.6) vented disc
Rear, mm (in.)	302 (11.9) solid disc

Body & Chassis	
Layout	Front engine, front wheel drive
Body type	High-tensile steel unibody
Front suspension	Independent, MacPherson struts, dynamic dampers, coil springs and anti-roll bar
Rear suspension	Independent, multi-link, coil springs and anti-roll bar
Steering	Hydraulic power steering (SX/SXL: Electric power steering) SX/SXL: Drive mode select (Comfort/Eco/Normal)

Curb Weight, kg (lb.)
