

**WARNING:** Do not insert batteries until prompted by the app.

# Quick Start Guide

1

## Download the Yale Access App

**Tip: Have an August account?**  
Log in using your existing username and password.

Download on the  
App Store

GET IT ON  
Google Play

2

## Tap 'Set Up A Device'

Scan the Yale Access QR code located inside the lock's battery compartment, or found below.

3

## Install the Lock

**Using the app is a requirement for this step.**  
The app will guide you through step-by-step installation instructions.

4

## If You Have a Smart Module

Insert the module into the slot above the batteries and follow the installation steps in the app.

**Tip: Once your lock is installed, insert batteries as the last step.**

**Tip: If you have a Bluetooth lock with no Smart Module you can always add one!**

## Specifications

Model Name: YALE BLE Module (Gen 1)

Description: YALE BLE Radio Module

Model Number: MD-02

Standards: Bluetooth®

Specification V4.0

(Bluetooth® Smart), 2.4GHz

ISM Band

Antenna: Internal Single-Band

(Internal IFA) Transmitted

Security: Wpa2, Wep

Interface: Bluetooth® Smart

Accessory Configuration Mode,

Ongoing Network Activity, And

Other Troubleshooting

Information. Power Consumption:

100-240V ~ 50-60Hz 0.1 A

Use of the Works with Apple badge means that an accessory has been designed to work specifically with the technology identified in the badge and has been certified by the developer to meet Apple performance standards.

Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

## Environmental

YALE BLE Module DIMENSIONS:

2.2" width X 1.06" height

DEVICE WEIGHT: 0.3 oz (8.5 g)

CERTIFICATION: FCC, IC

OPERATING TEMP: 32° to 104°

Fahrenheit (0° to 40°C)

STORAGE TEMP: -4° to 158°

Fahrenheit (-20° to 70°C)

OPERATING HUMIDITY: 10 to 85%

## Safety

-Read instructions before using this product

-Keep these instructions for future reference

-Heed all warnings on the product and in this manual

-Follow all instructions

-Do not use this unit near water or excessive moisture. Do not use this product near a bathtub, washbowl, kitchen sink, laundry tub, in a wet basement, near a swimming pool, or anywhere else that water or moisture are present. Do not use with wet hands.

-Avoid prolonged exposure to direct sunlight or heat above operating temperature

-Do not install near any heat sources, such as radiators, heat registers, stoves or other unit (including amplifiers) that produce excess heat

-Only use attachments/accessories specified by the manufacturer

-Do not swallow any parts.

Keep any small parts away from children at all times, potential choking hazard.

-This product contains no user serviceable parts. Please contact your local supplier.

-Modification of this product (including unauthorised hardware, firmware or software) in any way voids any warranty and compliance of this product and becomes the sole responsibility of the user.

-User assumes all risk associated with the suitability, installation and performance of the module and other third party components, hardware, software and services that user selects. You assume all risk associated with the suitability, installation and performance of the door lock and other third party components, hardware, software and services that you select.

## Compliance

### FCC Compliance Notice

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful

interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### ISED Compliance Notice

#### INDUSTRY CANADA COMPLIANT

This Class A digital apparatus complies with Canadian ICES-003. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

### INDUSTRIE CANADA

#### CONFORME Cette classe A

appareil numérique conforme à la norme NMB-003. Les changements ou modifications non expressément approuvés par la partie responsable de la conformité pourraient annuler l'autorité de l'utilisateur à utiliser l'équipement. Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

### RF Radiation Exposure

Radiation Exposure Statement : This equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment. The minimum distance from the body to use the device under normal conditions is at least 20 cm (7.9 inches). This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

### Australia & New Zealand (RCM & R-NZ)

#### RCM Radiation Exposure Statement

This system has been evaluated for RF exposure for Humans as referenced in the Australian Radiation Protection standard and has been evaluated to the ICNIRP (International Commission on Non-Ionizing Radiation Protection) limits.

This product has been deemed to comply with the RF exposure limits under the general public limits. The minimum distance from the body to use the device under normal conditions is at least 20cm (7.9 inches).

This product complies with all the applicable requirements of the Regulatory Compliance Mark (RCM) for Australia & New Zealand and Radio Spectrum Management (R-NZ) requirements for New Zealand.
