

**GRINDGO**  
User Manual

**Homend**  
Serving life

We know that you liked your new salt and pepper grinder very much and that you can't wait to use it immediately. However, before you enjoy a nice meal, we kindly ask you to take a look at the user manual we have prepared for you.

*In the instruction manual, we have tried to describe everything clearly as far as we could do. We hope that reading it once will be sufficient. We advice you to keep this manual in a place where you can easily find it in case anything sticks in your mind in the future.*

**GRINDGO 6004UK**

**USER MANUAL**

# BEFORE FIRST USE

First of all, read this user manual thoroughly, you will be familiar with your salt and pepper mill in 5 minutes. Then you can remove the parts of the salt and pepper mill from the packaging.

+ Under the charging unit of the salt and pepper mill, there are values that indicate the appropriate voltage level for use. Please check whether these values correspond to the main power grid.

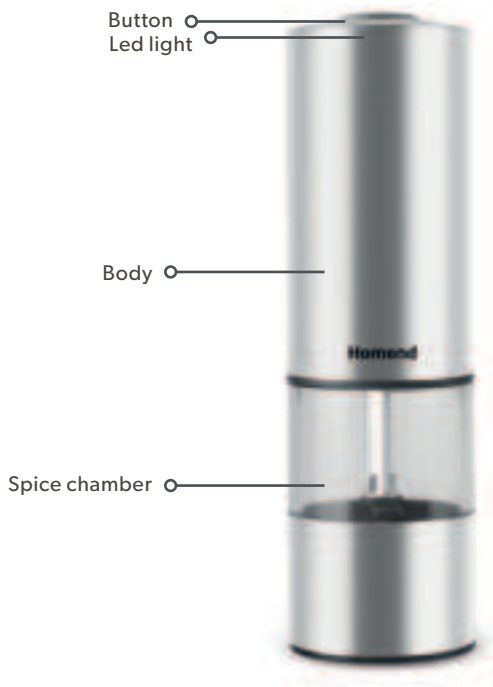

+ If you notice that any of the parts of the salt and pepper mill are damaged, please call us immediately on our live support line at 08000 448181.

When checking the parts, we kindly ask you to pay particular attention to the cable.

+ Make sure that there are no problems or missing parts in the salt and pepper mill.

+ We recommend that you charge your salt and pepper mill for at least 2 hours before first use.

# WHAT PARTS ARE THE SALT AND PEPPER MILL MADE UP OF?

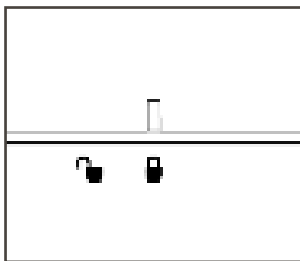

### **Charging your salt & pepper mill**

- + To charge, insert a USB type cable into slot.
- + Led light B turns red when starts charging and it will be blue when the battery is fully charged.
- + When the battery is drained, the indicator will turn red again and lit for 5 seconds.
- + Charging time is 2 hours.

### **Filling the spice chamber**

- + Hold the body with your left hand. Holding the spice chamber with your other hand, turn it anti-clockwise to disconnect the chamber from the body.
- + Fill the chamber with peppercorns or coarse salt.
- + To close, turn the chamber clockwise, move it to the lock position as shown in the image below.

## **TO USE**

1. Adjust the fine or coarse options in the bottom. Turn clockwise for fine grinding. Turn anticlockwise for coarse.
2. Press button to grind the spice over good and activate the light on the bottom. Release the button to stop grinding.

## **CLEANING & CARE**

To clean spice chamber, wipe inside chamber and body of grinder with a damp cloth.

Note: Do not immerse the grinder or run under water.

Allow chamber to fully dry before refilling.

Store in a cool, dry place.

## **WARNING**

Do not use for purposes other than grinding.

If the indicator flashes red, this may be a sign that the mechanism is stuck. Remove the spice container and scrub and clean the grinding area with a brush. If the grinder seems to be working slowly or has stopped working, recharge immediately. Do not use in close proximity to heat and flame. Keep away from children.

Model no	Grindgo 6004UK
Adapter input	DC 5V / 1A
Voltage(battery)	3.7V; 750mAh
