CHiQ

Inverter System | The CHiQ super-efficient inverter system is quieter than traditional compressors, keeping your food fresher for longer, which saves on energy consumption.

Hybrid Fridge / Freezer | Switchable between Refrigerator (2°C to 8°C) and Freezer (-16°C to -28°C) by adjusting the Digital Temperature Control.

Frost Free | The CHiQ Frost Free feature maintains the correct internal temperature for more effective food preservation meaning there is no need to manually defrost the unit.

Multi Air Flow | The system ensures chilled air reaches each shelf quickly and uniformly to ensure the food will stay fresher for longer.

Door Alarm | The door will ring after being opened for a period of time to remind you to close the door.

LED Display with Control | The LED digital temperature display and electronic controls ensures the optimum control of the fridge and allows for seamless setting adjustments for different modes.

Reversible Door | This item comes as Right Hand Door opening. The design allows you to change to Left Hand opening if that best suits your needs. The installation kit to change the door is included.

Interior LED Light | LED lights are energy efficient and reduce heat output and provide lighting for a better internal view of your contents.

Assistant Handle | Open the door easily, the assistant handle makes for easy operation.

Fast Cooling / Freezing | Fast Cooling / Freezing mode quickly seals the freshness of stored items.
