CAIWEI S6W-1

Brief introduction of the Caiwei S6W-1. The DLP LED projector has a WXGA 1280 x 800 resolution and a contrast of 7000:1. Due to the LEDs, the projector is specified with 20000 hours of light life, which converts to over 13.7 years at 4 hours per day. As Caiwei specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 216 Ansi lumens ensure that a picture width of 149 cm is also possible. However, if room light is available, the picture should be max. 99 cm wide. Thanks to the built-in 8400mAh Li-ion battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Playing 1080P is also no problem for the projector. The model was built by Caiwei in 2023 and is no longer current.
