TRUSTED STAINLESS PERFORMANCE

FULL TANG
SINGLE PIECE OF STEEL
EXTRA DURABLE

COLOR WOOD
BUILT TOUGH FOR DAILY USE

Basic Information

Materials: 7Cr17Mov HC Stainless Steel

Hardness: 58 \pm 2 HRC

Thickness: 2.2 mm

Handle: Pakka

Weight: 200g

Length: 200mm/8in Blade + 145mm/5.5in handle

Country Origin: Made in China

High Carbon Stainless Steel Blade

7Cr17Mov high carbon stainless steel forged blade that is sharp, strong, and resistant to rust and corrosion; its German style tapered shape allows you to rock on the cutting board for smooth and efficient cutting. Fine 15° double bevel edge, can be easily honed and sharpened to maintain its optimal condition.

Ergonomic Full-Tang Wooden Handle

Triple-riveted Pakka wood handle with fully-forged full tang for optimal balance, strength, stability, and durability. The handle features finger bolster guard and finely polished spine, that protects your fingers from the blade.

CARE & MAINTENANCE

To keep this product in good condition and extend its lifespan, please follow these care and maintenance tips:

- ✓ Sharpen this product regularly using a sharpening stone or a honing steel. A sharp knife not only cuts better but is safer than a dull knife.
- ✓ Clean this product after each use and before storage. Hand wash it with warm water and mild soap, then rinse and dry it immediately. Do not wash it in the dishwasher or leave it in water or moisture for a long time.
- ✓ Store this product in a knife block or other storage system that keeps the blades separate and protected. Do not store it in a drawer or with other utensils that can damage the blade.
- ✓ Avoid using this product on hard surfaces that can damage the blade, such as glass, metal, or stone. Use a cutting board made of wood, plastic, or bamboo instead.

SAFETY PRECAUTIONS

Using a sharp knife requires caution and attention. Please follow these safety precautions to avoid injury or damage:

1. Keep the knife away from children and pets. Do not leave the knife unattended on the counter or table.
2. Store the knife in a safe place, such as a knife block or a protective sheath. Do not store the knife in a drawer or with other utensils that may damage the blade or cause accidents.
3. Use a cutting board when using the knife. Do not cut on hard surfaces, such as glass, metal, or stone, that may dull the blade or damage the knife or the surface.
4. Wear gloves if you have sensitive skin or are allergic to metal. Do not use the knife if you have cuts or wounds on your hands.
5. Always cut away from yourself and your fingers. Do not use your fingers to guide the knife or hold the food. Use the claw grip technique to hold the food with your non-knife hand
6. Do not use excessive force or speed when cutting. Let the sharpness of the blade do the work and use smooth and steady motions.
7. Do not use the knife for inappropriate tasks, such as prying, hammering, or opening cans. Use the right tool for the right job.
8. Handle the knife with care. Do not drop, throw, or bend the knife. Do not use the knife as a lever or a screwdriver.

LIMITED LIFETIME WARRANTY

Unless otherwise stated here, this product comes with a limited lifetime warranty that covers any defects in materials or workmanship under normal use and care. This warranty does not cover damage caused by misuse, abuse, negligence, accidents, improper storage, exposure to extreme temperatures, or normal wear and tear. Any product we determine to be defective will be repaired or replaced solely at our discretion. To claim this warranty, please contact the manufacturer or seller with your proof of purchase and a description of the problem.

WOOD ACCESSORIES 90-DAY WARRANTY

AMSZL's wood accessories are made of natural materials that will show wear over time. This is not a defect. Our 90-Day Warranty protects you against original manufacturing defects, but not natural wear.
