### INSTRUCTIONS

© 2019 JVC KENWOOD Corporation

The product with this logo is conformed to Hi-Res Audio standard defined by Japan Audio Society. This logo is used under license from Japan Audio Society.

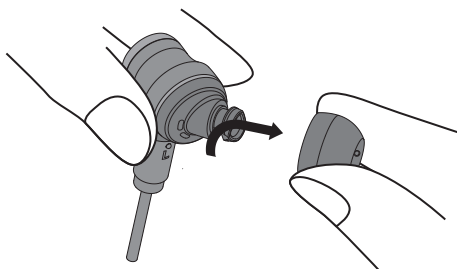

### Changing ear pieces

To ensure proper fit and good sound, select size of the ear piece.

**A good fitting provides good bass**

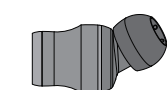

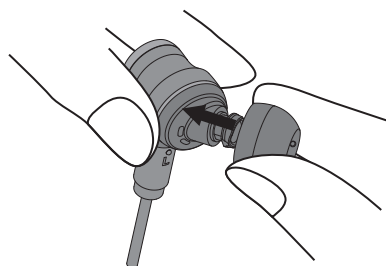

#### Detach the ear piece

Twist and pull a ear piece.

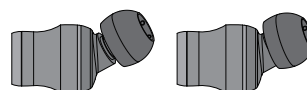

#### Attach the ear piece

Slide on a ear piece so that it completely covers the nozzle.

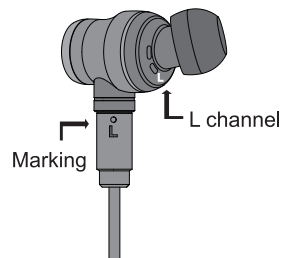

○ Correct

✗ Incorrect

## How to use

Install the headphone cable to the headphones by aligning the “L (Left)” and “R(Right)” markings on the cable with those on the headphones.

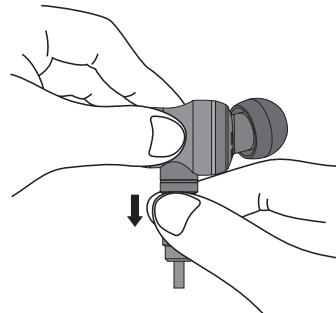

## Detachable Cable

**Warranty is not applicable if use third party's cable.**

### Detach the Cable

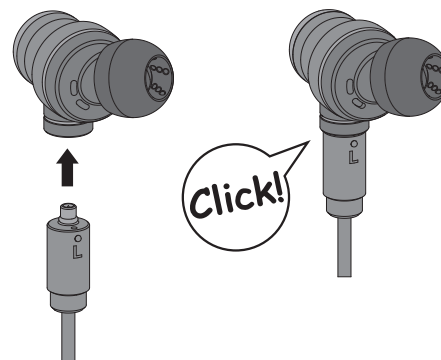

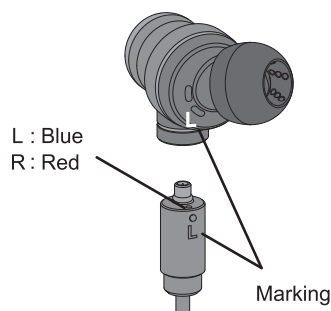

Pull the plug straight.

- To prevent accidental separation, the connector has a snug fit.
- Do not pull the cable.

### Attach the Cable

1. When attaching the cable, identify the color and the marking on the headphones and the cable.
2. Insert the plug straight to headphone. Listen for a click when connecting.

### Caution

The detachable function is provided for maintenance.  
Do detach the cable only for replacing.  
Do not use any tools.
